Eisenhower Confers With Dulles

Ike Backs Up UN Stand On Return Of POWs

President-Elect Also To Meet With British Official, Anthony Eden

NEW YORK (AP)—President-elect Dwight D. Eisenhower went into conference today with John Foster Dulles — a leading possibility for secretary of state in his cabinet.

Thus the general began a day which promised to preoccupy him with some of the vast international problems he will face as president.

Later today he will confer with British Foreign Secretary Anthony Eden. A top item on their agenda is expected to be the effect of the Indian compromise plan on a truce in the Korean war.

Dulles, architect of the treaty with Japan, probably will probe various angles of the Korean problem with Eisenhower. When he entered the general's office at the Commodore Hotel, carrying a heavy briefcase, he refused to talk with reporters.

Eisenhower discussed foreign problems at length Wednesday, getting two reports on Korea.

Quoted By Wiley

He was quoted by Sen. Alexander Wiley of Wisconsin, member of the United States delegation to the United Nations, as standing firmly behind the delegation's position on the pivotal question of compulsory return of war prisoners in Korea. The senator said:

"He is completely dedicated to the priciples of the U. N., and re-emphasized his agreement with the principle of no forcible repatriation of Communist prisoners."

Communist negotiators in Korea have insisted that all prisoners—regardless of their personal desires—must be returned either to China or North Korea. The truce talks at Panmunjom stalled, finally, over this point.

Eden Meeting Important

Todays meeting with Eden is considered unusually important.

The day Eisenhower's election was confirmed, the British diplomat said he hoped to meet with him at an early date. He flew here from London two weeks ago for the U. N. meeting.

Their conversation could touch on both Europe and the Far East.

Some European leaders have expressed anxiety over reports the United States may expand the war in the Orient, bombing Chinese territory, and possibly sanctioning a Chinese Nationalist assault on the mainland of Red China.

Some unfavorable reaction also arose in Europe after Eisenhowers speech to the American Legion Convention, during his campaign,

UNFORTUNATE VICTIM.—Charles Poling, 21, and his wife Marie, 18, are in Cuyahoga County Jail awaiting arraignment on charges of neglecting their four-month-old baby, Rosemary (above) who received fractures in the legs, and right arms and head injuries when her father dropped her while changing her diaper Monday. At first both parents claimed they did not know how the baby was injured. The baby is in a Cleveland hospital. It is her second trip to the hospital, where she was treated Sept. 30 for a brain hemorrhage which her parents said was caused when she was struck on the head by a milk bottle tossed by her 17-month-old brother.

Truman Is Pleased With Ike's Views On Korean POW Issue

WASHINGTON (AP) — President Truman said today he is very happy over Gen. Dwight D. Eisenhower's views on the Korean prisoner of war issue, and declared "this country is a unified organization in its policy toward the rest of the world.

In his first post-election news conference—his first in fact since Sept. 25—Truman laid emphasis on unity and on the effort to make the shift of power to President-elect Eisenhower as smooth as possible.

He began with this statement which he permitted reporters to quote directly.

"I want you to understand that the election is over and that we are trying to get things in shape to make an orderly turnover of the government to the successor, and that we want to let the world know that this country is a unified organization in its policy toward the rest of the world.

"I was very happy to see that Gen. Eisenhower had told Sen. Wiley that he was with (sic) the policy on the prisoners of war in Korea. That was one of the main things about which we talked in the meeting the other day when he was down here.

Eisenhower and Truman met at the White House on Tuesday and later announced jointly that they had arranged for an exchange of information. They expressed belief this cooperation would be to the advantage of the country and promote a favorable progress of international affairs.

Wednesday, Eisenhower had a meeting in New York with Sen. Wiley of Wisconsin, who will become chairman of the Senate Foreign Relations Committee in the new Republican - controlled congress.

Wiley said Eisenhower "is completely dedicated to the principles of the U. N. and re-emphasized his agreement with the principle of no forcible repatriation of Communist prisoners.

After Trumans reference to this, a reporter said the wording of Wileys statement has been taken to indicate the general is agreeing only with the principle of the United Nations stand on prisoners of war and does not necessarily endorse the specific U. N. position.

Truman replied he was not going into semantics—that is, into the meaning of words. He said he was going by the headlines, which reported without elaboration that Eisenhower backed the United Nations position.

Allies Fight Split Over Indian Plan

UNITED NATIONS, N. Y. (AP)—Twenty-one Western allies fought today to avert a threatened split in their ranks over whether to give India's compromise plan on Korea priority over the American resolution they are sponsoring in the U. N.

The U. S. delegation, voicing fears the Indian proposal on the deadlocked Korean prisoner of war issue was ambiguous and would not work out, reportedly was under strong pressure by British Commonwealth nations and France to accept some variation, at least of the plan put forward Wednesday by India's V. K. Krishna Menon of the General Assembly's Political Committee.

There was a threat that,whether the U. S. goes along or not, some of the allies may throw their support to Menon's resolution calling for a four-power commission to handle the repatriation of prisoners and to take care of those who resist going back to their homelands until a political conference decides their fate.

All parties in the group struggled to avoid an open break.

Two United Tool Appointments Made

Victor Zerbs, president of United Tool & Die, Inc., and Progressive Stamping & Pulley, Inc., today announced the appointment of Robert S. Aikenhead as general manager of both United Tool and Progressive Stamping.

Zictor Herbs, Jr., has been named assistant secretary-treasurer of Progressive Stamping & Pulley and will assist Mr. Aikenhead at both plants on the the Canfield Rd.

Mr. Aikenhead has been assistant general manager of United Tool & Die since coming to Salem in July of 1950 from Kalamazoo, Mich., where he was chief tool engineer of Kalamazoo Stove & Furnace Co.

United Tool, which was started in 1944 by Mr. Zerbs, now employs 150 men.

Trail-Blazing Airliner Hops Pole

COPENHAGEN, Denmark (AP)—A big airliner winged toward its Danish home today in the final lap of a trail-blazing commercial flight from the U. S. Pacific coast across the Polar top of the world to Europe.

The Scandinavian Airlines System's "Arild Viking" took off at 6:58 a. m. Greenland time (5:58 a. m. EST) from the big U. S. Air Force base at Thule, North Greenland. Airlines officials said due to favorable weather conditions over Greenland and the North Atlantic, the plane might complete the 2,385 mile jump to Copenhagen by 9:30 p. m. (3:30 p. m. EST).

The flight is the first of two exploratory Los Angeles-to-Copenhagen runs which the airline hopes will be the prelude of the first commercial service over the polar route.

World's Speed Record Broken By Sabre Jet

Pilot Races 699.9 Miles Per Hour Only 100 Feet Off Ground

THERMAL, Calif. (AP)—A roaring, flame-spewing F86d Saber jet plane piloted by Capt. J. Slade Nash of Edwards Air Force Base has established a new unofficial world speed record — 699.9 miles per hour.

Capt. Nash, 31, whose home is in Moville, Ia., made four low-level passes yesterday over a measured three-kilometer course at the edge of the Salton Sea, 235 feet below sea level. His performance was made under rules of the Federation Aeronautique Internationale and the National Aeronautics Association, which must verify it before it becomes official.

In shattering the record for operational aircraft in the North American all weather interceptor, Capt. Nash topped the 670.981 miles per hour mark set last Sept. 15 by Maj. Richard L. Johnson at Edwards AFB. Johnson used an earlier Sabre model, the F86a.

At his top speed Capt. Nash's plane nosed toward the dangerous compressibility of the sonic wall. The speed of sound in the 75-degree temperature of the lake shore was about 775 miles per hour at the time of the test runs in the Imperial Valley.

The rules under which the flight was made specified that the plane must not fly higher than 1,640 feet. Actually, Capt. Nash made the four passes at not more than 100 feet off the sun-swept earth of the eastern shore of the inland sea. He was monitored by four T28 training planes and timed with high speed movie cameras and a special chronograph system.

The North American Sabre carried 24 rockets in a retractable launcher and weighed about nine tons. It was powered by a General Electric turbojet with afterburner developing in excess of 5,700 pounds thrust.

Capt. Nash's wife, Glena, mother of three young daughters, was at the field to see her husband set the record. She appeared calm but she admitted to "plenty of nervousness and said she was glad when it was over.

Nash himself said there was little rough air to contend with "despite the low altitude.

"I experienced some mild shock waves, he told newsmen. "They were like streaks of lightning around the canopy during the runs. This is normal, however, at high speed.

He said he was completely satisfied with his planes performance.

Steubenville Man Killed

STEUBENVILLE, O. (AP) — John I. Gavin, 77, former member of the Board of Health and once a Democratic candidate for mayor of Steubenville, was struck and killed by a car Wednesday night. The driver, Paul J. Spurier, 39, was held by police for questioning.

IKE CONFERS WITH GOP TEAM — Members of the Republican party's top brass meet in New York with President-elect Dwight Eisenhower to discuss legislative problems that will confront the next session of Congress. In group, from left, are Sen. Styles Bridges of New Hampshire; Eisenhower; Sen. Robert A. Taft of Ohio; Ike's rival for the Republican nomination; and Rep. Joseph W. Martin of Massachusetts, prospective Speaker of the House.

U. S. Jets Down Five Red MIGs

Numbing Cold Keeps Infantry In Bunkers

SEOUL (AP)—The U. S. Fifth Air Force credited its Sabre jet pilots with shooting down five Communist MIG15s today—boosting to 502 the confirmed Allied kills of the Korean War.

The Air Force reported that Capt. John H. Jones Jr. of Rome, N. Y., bagged two of the five MIGs. The Sabre pilots said they damaged two other Communist jets.

Jones, 31, flying with the 51st Fighter Wing, was credited with downing the 499th and 500th MIGs. The Air Force made a special announcement of the 500th as the U. S0. Air Force boss, Gen. Hoyt S. Vandenberg, was touring the battlefront.

On the ground, South Korean Troops smashed a Chinese assault on Sniper Ridge in the crackling cold of daybreak after a night of minor probing thrusts on the Central Front position.

The U. S. Eighth Army reported an estimated 100 Reds hit the ridge after a moderate Chinese artillery shelling. After 50 minutes they withdrew to the comparative safety and warmth of a cave.

Elsewhere along the front, the numbing cold — 14 degrees — kept infantrymen of both sides huddled in their bunkers most of Wednesday night. Only scattered patrol skirmishes were reported.

An Eighth Army briefing officer said he did not regard the attack on Sniper Ridge as presaging any attempt to retake the bloody, shell-blistered terrain which changed hands a number of times in recent weeks—before the advent of winter cold.

CIVIC GROUP TO MEET

The Salem Civic Committee will hold its monthly meeting at 7:30 tonight in the Chamber of Commerce rooms.

Industrialist For U. S. Defense Post, Reported Urged By Taft

WASHINGTON (AP) — Sen. Robert A. Taft of Ohio today was reported to be urging President-elect Eisenhower to appoint an industrialist as secretary of defense.

The Ohio senator was said to have submitted the names of three businessmen for the post, without indicating any preference among them. They are:

Edward L. Ryerson, 65, of Chicago, director of the Inland Steel Corp., and chairman of the board of Joseph T. Ryerson and Son. Ryerson is a Yale man, as is Taft.

B. E. Hutchinson, 64, of Detroit, vice president of the Chrysler Corp., and chairman of its finance committee.

Charles McElroy White, 61, of Cleveland, president of the Republic Steel Corp.

There have been some reports that Eisenhower might pick Sen. Henry Cabot Lodge Jr. of Massachusetts, who has been serving as his liaison man with government departments.

There were stronger indications, however, that the President-elect might ask Lodge to become a sort of assistant president and trouble shooter for him, with the rank of ambassador-at-large.

Taft was said to be contending strongly that an experienced industrialist ought to take over the Defense Department and reorganize it from the bottom up. Eisenhower indicated during the campaign he favors some such shakeup.

The three suggested by Taft formed only a part of a list of about a score of persons the Ohio senator named as deserving — in his opinion—of appointments in the new administration.

Whil the cabinet speculation went on, there were increased signs that Taft is leaning toward a move to seek the majority leadership in the new Republican-controlled Congress.

The Ohio senator has told friends he plans an all-out effort to make the new Eisenhower administration a success. He is said to feel that a lot of battling in the Senate can be eliminated if he and Eisenhower maintain close daily contact on legislative problems.

Truman Urges GOP To Keep Health Program

WASHINGTON (AP) — The Republican victory at the polls, President Truman says, was no mandate to the government to cut down on its public health activities.

Truman said President-elect Eisenhower's administration will find itself "far behind the times" if it tries to stop what he called the social and economic progress made under the Democrats.

And, in defense against what he termed politically inspired attacks on his public health program. he declared that "anyone who interprets the election as a mandate to stop the efforts we have been making for social and economic progress is blind to history."

Truman's defense of his record, and call for further government action in the controversial field of public health, came during a speech delivered last night to the Association of Military Surgeons.

Truman also rapped Congress for "lost progress" in the health field. Current shortages of doctors and nurses have not been met, he said, "despite repeated efforts to persuade the Congress to adopt a program of federal aid to medical education."

Greece's New Head Orders Big Shakeup

ATHENS, Greece (AP) — Greece's tough new premier, Field Marshall Alexander Papagos, ordered a wholesale shakeup of the nation's top military commands today and recalled retired Lieut. Gen. Stylianos Kitrilakis to duty as chief of the national defense staff.

Acting less than 24 hours after he was sworn into office, Papagos also named Lieut. Gen. Alexander Tsingounis as chief of the Army staff, Lieut. Gen. Stylianos Aanidakis as commander of the Army, and ordered the retirement of four other lieutenant generals.

The defense changes followed only a few hours after the resignation of George Ventiris, secretary to King Paul and a central figure in a rift between the monarch and Papagos in 1951. Papagos accused the secretary of advising the king not to listen to some of the marshal's suggestions. As a result, Papagos resigned from the Army and eventually entered politics.

All Accused Of 'Trotzkyism, Titoism, Zionism'

Former Leaders From Most Government Branches On Trial

VIENNA, Austria (AP)—Fourteen former top leaders of the Czechoslovak Communist government were accused of treason and espionage today in the greatest Red trial since the famous Moscow trials of 1936.

Among those accused were Vlado Clementis, former Red Czech foreign minister and Rudolph Slansky, once-trusted Moscow man and former secretary general of the Czech Communist party.

Prague radio announced the following other one-time bigshots from almost every branch of the Czech government were facing charges today in the Prague courtroom:

Otto Sling, former Communist party secretary in the city of Brno, who was arrested in 1950.

Bedrich Geminder, long time mystery man of the Czech Communist party and often regarded as the behind-the-scenes ruler of the party before his disappearance in 1950.

Clementis' Friend Charged

Arthur London, former deputy foreign minister and a friend of Clementis. London was arrested in 1951.

Lt. Gen. Bedrich Reicin, former deputy defense minister and Moscow-trained intelligence man, arrested in February, 1951.

Josepf Frank, one of Slansky's former deputy party secretaries who was removed in September 1951.

Otto Fischel, former deputy finance minister.

Dr. Evzen Loebl, former deputy minister of foreign trade, arrested early in 1950.

Vavro Hajdu, also a former deputy foreign trade minister.

Ludvik Frejka, economic advisor to the Czech government, reported arrested on Jan. 30, 1952.

Rudolph Margolius, former high official of the foreign trade ministry.

Ex-Editor Included

Andre Simon, former editor of the official Communist newspaper Rude Pravo.

Karol Svab, deputy minister, removed in 1951.

The trial was first announced earlier today by Prague radio.

Eleven of the 14 accused were Jews.

Radio Prague said all 14 were accused of "Trotzkyism, Titoism, and Zionism, and were all "Bourgeois Nationalist traitors and enemies of the Czechoslovak people and of Socialism."

The radio said it would broadcast daily reports of the court proceedings. There have been no Western news correspondents in Czechoslovakia since the conviction last year of Associated Press Correspondent William N. Oatis on "spy" charges—a trial denounced throughout the non - Communist world.

M. J. Welsh, Fire Department Captain, To Retire Dec. 31

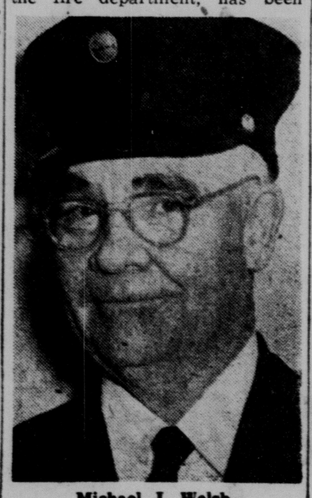

Michael J. Welsh of 744 E. Third St., captain in the Salem fire department, resigned today to go on pension.

"Mickey," the jovial member of the fire department, has been captain since February of 1951. He was elevated following the resignation of James Hinkle, then captain.

Welsh, who has been ill, will retire Dec. 31, Safety-Service Director Arch Harwood announced.

Welsh joined the fire department Nov. 16, 1932 when Vincent Malloy was chief and John Davidson was mayor.

Appointment of a successor probably will be made following civil service examinations.

FBI Hunts For Thomas Luchese

Commission Probes Judge's Big Income

NEW YORK (AP)—The FBI hunted today for Thomas (Three-Finger Brown) Luchese in the wake of State Crime Commission hearings which recessed with testimony aimed at a former judge's financial affairs.

The state probers looking into political-underworld links no sooner suspended the public hearings yesterday than U. S. Atty. Gen. James P. McGranery authorized the FBI search for Luchese, wealthy garment manufacturer and ex-convict described as a boss racketeer and friend of politicians.

Luchese previously testified privately before the commission but balked at talking at the open hearings.

A two-day search by a U. S. marshal and two deputies failed to locate Luchese. The government seeks to take away his citizenship and deport him to his native Sicily.

Officials are hunting him to serve denaturalization papers. He allegedly concealed arrests in obtaining citizenship.

In the final hours of the commission hearings, witnesses described the financial dealings of 71-year-old retired State Supreme Court Justice Aaron J. Levy, appointed last year as a court referee.

The commission introduced records purporting to show that Levy's known receipts totaled $326,000 from 1946 to 1951 inclusive while he spent $406,000 during the same period. Levy's judgeship pay over the six-year period amounted to $168,000—$28,000 a year.

In explaining his inability to give the commission an accurate estimate of his living expenses, Levy said in closed-session testimony:

"Look, I'm very free with money. Money never had any value with me, not from my earliest days."

28 FREIGHT CARS DERAILED

FINDLAY, O. (AP) — Normal freight traffic over Nickel Plate tracks was expected to resume today after wrecking crews cleared up a derailment one mile west of Arcadia. Twenty-eight cars left the track Wednesday, freeing cattle in eight cars and spilling 18 refrigerator cars of butchered beef and two cars of potatoes.

No Prostitution In Steubenville, Claim

STEUBENVILLE (AP)—Safety Director Frank Aley today denied reports that houses of prostitution have been closed here. He said there aren't any to close.

"There is no red light district in Steubenville and hasn't been for more than a year," he said when questioned on published reports (in the Pittsburgh Post-Gazette) that houses of ill fame have been shut down.

The claim of prostitution operating wide open in Steubenville was made last week by the operator of a laundry here, Mrs. E. M. Geary.

She told her story to Steubenville authorities, and even appealed to Gov. Frank J. Lausche and Attorney General C. William O'Neill.

Capehart Sees More Controls

Senator Says GOP Will Continue Them

WASHINGTON (AP) — Sen. Capehart (R-Ind) says he is certain the new Republican Congress will approve some form of price, wage and rent controls whether or not President-elect Eisenhower favors them.

Capehart, scheduled to become chairman of the Senate Banking Committee, which handles controls legislation, brought this out yesterday shortly after a hearing at which Price Stabilizer Tighe Woods urged that controls be extended.

The law authorizing controls will expire April 30 unless extended, and there has been talk in Congress of refusing to extend it.

Capehart told a reporter he was certain his committee would approve and Congress would pass some form of standby controls in the next session, whatever it decides about the present curbs.

Asked if he thought Eisenhower would want such standby authority, the Indiana senator said he did not know but that "we've got the votes for it whether he does or not.'

"We can't afford to be without standby controls as long as the Korean War is on," Capehart asserted. "I think it might be a good idea to have them in any case.'

Woods, meanwhile, is preparing to knock retail price ceilings off virtually all items of clothing, except possibly children's and infants' wear, by Dec. 1.

He announced his decision to senators yesterday after he had ordered the suspension of price controls on women's street and dress millinery and on bottled soft drinks.

Woods told the Senate-House Defense Production Committee, before which he appeared as a witness, that he is determined to order a rollback of the retail price of beef if this is legally possible.

But he said he has encountered thorny problems in investigating what he termed a "lopsided gap' between the price farmers get for live cattle and the price the housewives pay for beef.

Capehart told Woods he wants the meat problem solved speedily because he said the farmer is being hurt by low cattle price while consumers are getting small relief from high prices.

Capehart announced later that one of his first acts after taking commanding of the Banking Committee on Jan. 3 will be to call price control officials to report on the beef price situation.

"They've missed fire in controlling meat prices or you wouldn't have that situation," Capehart told a reporter.

Woods, in more than three hours of testimony before the committee which keeps an eye on inflation control and defense production problems, strongly urged Congress not to abandon price stabilization.

The committee listened intently to his estimate that (1) some 200 price-controlled items consumed in industry would undergo "immediate" price rises if controls are ended, and (2) that a bulge of only 3 per cent in their price levels "would burden the budget with almost two billion dollars" additional cost of the defense program.

He predicted another result would be rounds of wage increases and price increases in items which have never been controlled.

Foreign Aid Cut Predicted

Believe GOP To Shift Emphasis To Asia

WASHINGTON (AP)—Foreign affairs experts predicted today the new Republican-controlled Congress will trim U. S. spending abroad, with emphasis on military and economic aid shifting from Europe to Asia.

Foreign aid likely will kick off the first big debate in the 83rd Congress convening Jan. 3. Extension of the Mutual Assistance Program is one of the first things on its agenda.

With Republican leaders just about agreed on a top budget figure of 70 billion dollars in fiscal 1953-54, the foreign spending program faces possibly hefty reductions for the year beginning July 1. The authorization for this year, ending next June, is $6,447,730,750.

Any controversy is certain to center around American outlay of $33,104,867,055 during the postwar years since 1945 and gross foreign spending of some 87 billion dollars since 1940.

Much of the money authorized and appropriated is as yet unspent. As of last June, the mutual security program showed a five-billion-dollar balance earmarked for guns, tanks, aircraft and the like. Funds not obligated and carried over amounted to about 40 millions.

Rep. Lawrence Smith of Wisconsin, fourth-ranking Republican member of the House Foreign Affairs Committee, said the whole foreign aid program must be reviewed and reduced. He told a reporter:

"I don't think the country will stand for any more all-out spending. We owe it to the country to sit down in bipartisan fashion and take a good look at the new problems which have arisen."

Among such problems, Smith said, are European failure to meet rearming goals of the North Atlantic Treaty program, France's financial troubles and the free world's improved economic status.

Smith said President-elect Eisenhower has heretofore been concerned chiefly with Western Europe, adding:

"I'm hoping when Ike goes to Korea he gets a picture of this Asiatic situation."

Republicans in Congress have been loudly critical of what they call the Democratic administration's "failure" to protect Asia from Communist aggression.

In the last foreign aid bill, Asia and the Pacific got only about 900 million dollars of the over six billions authorized.

Democratic Rep. Mike Mansfield of Montana, elected Nov. 4 to the Senate, said he believes foreign aid will be continued, but cut down in amount and with more conditions for its application.

Mansfield, a strong backer of President Truman's foreign policy while in the House, said he would like to see fewer Americans abroad administering foreign aid programs and an end to "duplication of effort." He said this would bring "more efficiency and greater responsibility on the part of our allies."

A sharp reduction was shaping up at least tentatively, in the amount of "defense support aid"—to buy food, raw materials, machinery and equipment needed by European governments which otherwise could not afford to step up defense production.

Government officials figuring the size of next year's foreign aid request said a large-scale allocation for this purpose, like the nearly $1,300,000,000 set aside by Congress for this year, will be unnecessary in 1953.

Their reasoning: Economic conditions are perking up in Europe.

Asks Immigration Hike

WASHINGTON (AP) — America should let in more Iron Curtain refugees and immigrants from over-populated European countries, Secretary of State Acheson recommended yesterday to a presidential commission studying the McCarran-Walter immigration Act.

ROYALLY HAPPY—Britain's Princess Anne, left, inherits the same radiant smile displayed by her mother, Queen Elizabeth II, in the now-famous photo of the queen, right, taken as she rode through London to attend the opening of Parliament. Reason for the princess' happiness was all the fun and excitement attendant upon the birthday celebration of her brother, Prince Charles, heir apparent to the throne.

Morse Says Only UN Can Settle War

PITTSBURGH (AP) — Sen. Wayne Morse of Oregon, commenting on President-elect Dwight D. Eisenhower's proposed inspection trip to Korea, says, "You're not going to settle that Korean War in Korea."

Morse, who bolted the Republican party and withdrew his support from Eisenhower in the November election, made that comment in a speech last night to a Pittsburgh Israel bond drive dinner. He added:

"You're not going to perform any miracles by any visitation of anyone to Korea. You're going to settle the Korean War in the United Nations—nowhere else. And you're going to do it by negotiating, not with Soviet Russia, but with your allies, for unity."

Morse said a "military state of mind in this country has gone too far in the thinking that a third world war is inevitable." He declared:

"If you let the military group go unchecked, World War III will become inevitable."

The Oregon senator said America is losing friends because there's a "growing wave of economic isolation sweeping the country."

During the next few weeks, Morse said, he intends to "document sources of some of the war danger in high places."

Mishap Kills Father, 13-Month-Old Child

COLUMBUS, O. (AP)—Five hours after his father's funeral, 13-month-old Larry Feustel died Wednesday night of injuries sustained in the same traffic accident that took his dad's life.

The mother, Mrs. Paul Feustel, 22, of Columbus, is in serious condition in a Columbus hospital. The three were injured Sunday when their car collided with another auto on E. Broad St.

Fire Routs 20 From Cleveland Hotel

CLEVELAND (AP) — Fire routed more than 20 persons from the Marcy Hotel Wednesday night and caused damage estimated by firemen at $25,000.

The blaze was confined to the north side of the three-story apartment hotel and the only casualty was a beagle dog, which had to be killed after suffering severe burns.

Cause of the fire was undetermined.

Raynaud's Disease Discussed

Mrs. L. asks for a discussion of Raynaud's disease, and Mrs. M. for information concerning Buerger's disease. These are considered to be separate disorders, but because they both involve the blood vessels and are similar in certain respects, it is possible to discuss them together in a single column.

Dr. Jordan

In Raynaud's disease, the blood supply to a particular part is not cut off entirely but the blood vessels affected go into spasms and contract, especially when exposed to cold. An emotional upset may act the same way as cold.

Raynoud's disease is most common in the hands and consequently the fingers often turn white when put in cold water or when anything else happens which produces a contraction of the blood vessels.

Exposure to cold, emotional upsets and like factors which bring on the symptoms should be avoided. Tobacco must be prohibited permanently.

The cause is not known and although several good treatments are available there is none which as yet can be considered a sure cure.

In Raynaud's disease, surgery can be useful although amputation is rarely necessary. More often surgery is aimed at the sympathic nervous system with the purpose of relaxing the spasms in the blood vessels.

A true inflammation of the blood vessels—particularly those in the feet and legs—actually occurs in Buerger's disease. After a while the changes produced may cause complete blockage of blood flow through these vessels. The disappearance of the normal pulsation or beats of the blood vessels in the affected limb is characteristic.

The disease is much more common in men than in women. Although the cause is not definitely known, tobacco, infection, ringworm and a chemical poison known as ergot seem to play a part sometimes, at least.

All patients suffering from Buerger's disease cannot be treated alike. The most important items of treatment, however, are absolute avoidance of tobacco, removal of any sources of infection, and a good intake of fluids and salts.

In the more serious cases the use of drugs to prevent coagulation of the blood and some other form of medical management may be useful. Surgery is frequently required. When the blood supply has been cut off to a toe, for example, the entire toe may have to be removed.

The treatment of both these diseases is improving. More and more can be done for them, and research now going forward is likely to lead to further improvement in the future.

Army Sets New Trial For Sleeping GI

FT. MEADE, Md. (AP)—The Army said today it will start a new trial "in the next few days" for Pfc. Warren McConnell, 21-year-old soldier from Alloway, N.J., who was previously sentenced to 10 years at hard labor for going to sleep on his post in Korea.

The previous conviction and sentence was set aside by the Court of Military Appeals in Washington.

McConnell was accused of going to sleep Nov. 14, 1951, at his post on a main line of resistance held by the 7th Division and was tried by a 7th Division general court martial in Korea Dec. 10, 1951.

He also was sentenced to a dishonorable discharge and the forfeiture of all his pay allowances.

McConnell is now under restrictions here and his case in the hands of Second Army headquarters at Ft. Meade. He is the son of Mr. and Mrs. D. E. McConnell of Alloway.

Two-Coalition System

Toughest job ahead of the people who voted for Dwight Eisenhower is how to make a government out of an electioneering coalition.

How can Eisenhower bring together such dissimilar factions as southern Democrats, northern conservatives, western independents and eastern "liberals" — all of whom helped elect him?

There is no such thing as a compact, balanced Republican party, unified in leadership and strongly organized in its ranks.

It has not been grasped yet by old-line Republicans, but they are captives in a coalition just as surely as old-line Democrats became captives in the coalition called the New Deal and Fair Deal.

President-elect Eisenhower says he is going to be a "no deal" administrator, but his government will be forced to make numerous deals within its own ranks to survive the congressional elections of 1954. That is how coalitions survive—by making deals for support.

The shape of politics to come will be determined by the shape of events to come, because politics is nothing but the systematic exploitation of expediency. But don't be surprised if Eisenhower's government comes to rest on a coalition as unsympathetic with the views of old-line Republicans as the New Deal was unsympathetic with the views of old-line Democrats.

And don't be surprised if the coalition which now becomes the minority turns as conservative in its minority position as Republicans were accused of being after 1933.

There are no fixed positions in politics any more. There are no fixed parties; there are only shifting coalitions — one in power, the other hoping to get there in the next election.

Whistling In The Suburbs

Commenting on the strong movement of both New York business and population to surburban areas, the New York Herald Tribune managed to feel curiously cheerful the other day.

This dispersion of business activity and population, explained the Herald Tribune, testifies to the growth of greater New York City. It is breaking out of its boundaries in all directions, and that is a good sign.

There is only one thing wrong with this happy concept of an ever-expanding city. The sprawling, disjointed, uncoordinated mass of population and real estate development which makes up a modern city has no way of governing itself.

It is the victim of overlapping bureaucratic parasites that fatten on its helplessness. Greater New York is a particularly horrible example because of its unique size. But hundreds of cities in the United States are being hanged in their own rope.

They have population, industries and prospects for everything but good government, which they cannot have until they have the legal right to govern and finance themselves as autonomous units.

Dewey Stays In New York

Dwight Eisenhower's announcement that Gov. Dewey is not available for a cabinet announcement will clear the air of one cloud of uncertainty.

The newly-revived and vastly-hopeful Republican party which emerged from the 1952 election will not be the property of any of its factions.

Thomas E. Dewey, who twice led the party to defeat, will not try to dominate it under the victorious leadership of Eisenhower.

It will become equally clear in due course of time that Sen. Taft, who was edged out of party leadership three times by Dewey — the last time in 1952 when Dewey's strategists succeeded in nominating Eisenhower in Chicago—is not interested in trying to dominate the party.

The campaign smear, that Sen. McCarthy would run the show if Eisenhower won, was neutralized by the outcome of the election. McCarthy had only one chance to throw his weight around if the Republicans went down to defeat for the sixth straight time.

The shrill screaming against the isolationist senators who were supposed to make Eisenhower eat out of their hands also seems by hindsight to have been campaign guff. Fortunately, no one believed it, except those who were incapable of believing anything but their own misgivings.

It would be nice to believe that the Republicans are all going to live and work together like a big, happy family. But it would be foolish, because party friction is everlasting. There is however, in politics one situation in which friction virtually disappears.

It happens just after a new president has been swept into office by a landslide with a congressional majority of his own party to back him up and a minority of opposition members equally anxious to show good will.

Franklin D. Roosevelt had such a situation in his favor in the early days of his first term. Dwight Eisenhower has gone into office with an even stronger mandate from voters of both parties in all states of the union.

Larger Purpose

By DAVID LAWRENCE

White House Talks Allay Uneasiness Abroad

Harry Truman is still president and Dwight Eisenhower is just getting some background information to help him when he becomes president on January 20th next. That's the meaning which the meeting in Washington between the President and the President-elect was supposed to convey to the American people.

But there was a larger purpose. It was to allay the unrest abroad and the uneasiness which European governments always feel when there is a change of ministry anywhere. It's a fear that the continuity of policy may be broken.

The reassurance which was deliberately written into the joint statement issued at the White House will have a steadying influence abroad.

After making clear that the Constitution requires the out-going president to exercise his functions "until he leaves office," and that "his successor cannot be asked to share or assume the responsibilities of the presidency until he takes office,' there followed this key sentence:

"We believe, however, that the arrangements we have made for cooperation will be of great value to the stability of our country and to the favorable progress of international affairs."

This is a conspicuous way of telling the world that the outgoing and incoming administrations are consulting with one another, and that the actual transfer of power will be preceded by a period of close cooperation so far as the transmission of vital information is concerned.

To the public this may imply mystery or carry a vague hint of critical situations undisclosed. Actually the information that comes from all over the world through diplomatic and other sources probably doesn't bring in much more than the alert correspondents of the press everywhere have reported.

The critical areas are well known. It is in the realm of policy-making that the danger lies.

If, for example, an important foreign government allied with us has to make a decision soon and assumes that a change in American policy may be forthcoming affecting that decision it is natural for an ambassador to make inquiry.

Under such circumstances, the department of State would try to answer the inquiry discreetly. Had there been no contact at all between the Department of State and a representative of Gen. Eisenhower, what the department might say would have little weight.

As it is, the foreign government now may be persuaded not to get impatient, and to let things continue as they are without introducing any complications.

Most pressing of all questions is financial aid to the European countries on our side. Budgets have to be made in foreign capitals and the extent of American assistance carries a question mark. But some of the foreign governments have never learned the facts of American constitutional life.

They don't know that the Congress cannot make a commitment beyond two years anyway, because its power to appropriate is limited to two years at a time. There are various "authorizations" made by Congress, but the actual money cannot be appropriated except by each Congress.

The so-called "authorizations" of a project are not necessarily commitments that it will be financed. America has a budget problem each year, too.

So far as internal United States is concerned, there are many important matters pending which will have to be delayed until Congress acts, but that's always the case, even in midterm when Congress has been elected in November and doesn't take office til January.

No crisis appears today on the domestic horizon, but here, too, the fact that the incoming and outgoing administrations are consulting means that an orderly transition is being effected.

Incidentally, whoever wrote the joint statement is to be commended for its fair and objective phraseology. It neither transfers responsibility to the President-elect nor implies that the President has abdicated power.

It is the only kind of statement that could have been written under the American system, which requires a wait from election day in November to inauguration day on January 20th.

Europeans who are accustomed to the parliamentary system recall that in July 1945 when President Truman and Prime Minister Churchill and Marshal Stalin were engaged in the all-important meeting at Potsdam, where plans were being made for Russian entry into the war against Japan, the British elections were held.

Churchill's party was defeated and three days later Clement Attlee, the new prime minister was attending the conference as the head of the British government.

Canada has the same system of quick transition, and if America is ever engaged in war when there's an election and a transfer of power the American people may wish they had some other method of immediate transition.

Hope Chest

By TRUMAN TWILL

The weather in mid-April is less than half as good as it might be, or more than twice as bad as it should be. This is always something to think about in mid-November.

Sam the Ram is back.

Each year, Sam is traveling under a new alias when he arrives. But each year he is the same old Sam, herbinger of next spring, efficient cog in the vast mechanism of nature which to this day has not been matched by anything in the realm of human design.

The trouble is that humans are always outwitting themselves with punk ideas and illogical distractions. Not so with Sam the Ram. He is as logical as the law of gravity.

Nothing distracts him. He never becomes a victim of his imagination. His appointed role in the drama of life is to make sure there are lambs in the spring when there are buttercups for them to nibble, green grass to lie on and sunshine to warm their backs in the morning.

Only one thing about Sam can be criticized, and this is not his fault. It seems to be the fault of human beings who transplanted Genus Ovis into a climate which can be startling in its ferocity even as late as April.

Sam thus becomes the victim of the logic built into his bony skull. He is not devious enough to calculate the consequences of lambbornings in a climate not of his choosing. Consequently, unless restrained by man-made plans he is capable of making certain that next spring's lambs arrive along before the accouchement is convenient or even feasible, except in commercial sheep raising.

Hence, the importance of mid-November and mid-April in the scheme of things at out house. Mid-April is that optimum time of which it might be said: "It is none too late and none too soon, six of one, half a dozen of the other. And mid-November is 150 days before mid-April, take a few days one way or the other.

Sam is our animate emissary to springtime: 1953. If all goes reasonably well, there should be by next May 1 a flock of 50 ewes and their lambs. . .

Next May 1. May apples in the meadow. Kites in the suburbs. Apple blossoms. New grass. Lilacs. Spring fever. The sun's spreading warmth. New plans for a new summer.

Baseball. Song birds. Roller skates. Spring finery. The vernal cleanup.

Baby ducks. Lambs. A new nest in the eavespout.

"John Loves Mary" on the sidewalk. Announcements of June weddings.

Ah Sam. If you only knew.

One Man's Opinion

By WALTER KIERNAN

There was some question about when Mrs. Eisenhower would visit the White House . . . One report was she was busy hemming curtains for 876 windows.

Oddly enough, she was one of the hopeful wives of July who hadn't peeked in the White House garden to figure what she could use for the table on Wednesday afternoon bridge days.

One candidate's wife had already looked up the school bus schedule for their offspring and suggested that three secret servicemen run ahead of it.

But Mamie has moved so many times that the only thing different about this is it's not from post to post . . . it's from post to pillars.

They have some trouble getting a moving van around Inauguration Day . . . they're all booked going in the other direction.

But if they want to wait a little they can catch one of the three thousand coming back light.

Dwight David and the Giant

Strictly Personal

By GEORGE E. SOKOLSKY

It is not often that events unfold which throw light on a perplexing personal problem years after it no longer matters. For a prolonged period after 1937, things happened to me.

Sokolsky

Before then, I had written a large number of articles for "The Atlantic Monthly," and occasional articles for other magazines. Suddenly no magazine in the United States would purchase anything I wrote. I could not get work on the radio.

I had been accused by the Nye committee of trafficking in arms for Japan which was obviously untrue as I had never bought or sold arms, individually or on a large scale, for myself or anyone else, much less Japan.

-:-

I WAS SMEARED without benefit of a hearing by the La Follette committee. Curiously, I noted at the time that some of my best friends believed that where there was so much smoke, there must also be fire, but they never asked who built the fire.

I knew who built that fire. I actually overheard some of them talking about what they were going to do to Sokolsky. I have a copy of the letter that Mrs. Clifford Durr, sister-in-law of Justice Hugo Black, wrote to the editor of "The Atlantic Monthly.' I knew then what Alger Hiss, John Abt, and Charles Kramer (Krivitsky) planned to do to me.

Then last week, I picked up a book, "Crime Without Punishment," by Guenther Reinhardt, whom I do not know. He had worked for the FBI and the U. S. Counter Intelligence Corps.

I glanced through the index when lo and behold! My name appeared.

-:-

REINHARDT AT THAT point is dealing with a Soviet agent, Louis Gibarti, who was sent to this country to do a job for Stalin. I come into it as follows:

"Under his guidance, in 1937 and 1938, the weapon of the deadly word, the smear campaign, was ordered into the arsenal of Communism in America.

"It was a special assignment of Gibarti's. He carried it off well. He explained some of it to me in March 1938. We were discussing the dispatches to the 'New York Times' being then sent by the Times' correspondent on the Franco side of the Spanish fighting. George Sokolsky, the King Features columnist who has brought a knowing and literate anti-Communist attitude to the columns of hundreds of American newspapers, was also a subject for discussion that day.

"Gibarti opined that both men 'were being taken care of.' Hadn't I noticed, he asked, how so many other writers had gone out of their way to take cracks at such persons? He smiled pridefully.

"Sokolsky in particular, he confided, was an old target. He boasted how American 'friends' had taken care of Sokolsky by using their influence with such Senate committees as the Nye munitions probe group and the La Follette labor rights committee.

"These groups, he chortled, had been led out of their way to take cracks at Sokolsky's activities. It was easy for me to see how the leading had been done.

-:-

UNDER THE carefully guarded pen name of Gordon Rend, I had exposed how the La Follette committee had been penetrated by such subversive agents as John Abt and Charles Krivitsky, known then only as Charles Kramer. (Eleven years later both Elizabeth Bentley and Whittaker Chambers were to confirm my story by their own recollections and Chambers, in his monumental tilt with Alger Hiss, was to force into the open the fact, among many more amazing, that the Soviet's man Alger Hiss had been playing on the Red team while serving in a key position on the Nye committee. Giberti was not idly boasting when he explained how the party could use the Senate committees to hurt anti-Communists.)"

-:-

ACTUALLY, Gerald Nye, senator from North Dakota, had no idea what all this was about. He was a Republican, a conservative, an America Firster, a pacifist.

When he organized his Committee in the Senate to investigate the causes of war, he did not suspect that the Harold Ware cell was using him as a front.

I often wonder why none of the so-called liberals who now object to what the House Committee on Carran committee do, did not object then to what the Nye committee or the La Follette committee, both manned by Communists, were doing. They praised these committees.

Get Lazy After 40 To Live

Sooner or later, you will have to face the fact that those years when you romped over an athletic field all afternoon and danced all night are gone forever.

If you want to live out your life span, you may as well decide cheerfully here and now that there will have to be some changes made, according to Changing Times, the Kiplinger magazine.

Most doctors, if you asked them, would probably lay out a pattern about like this:

Up to 30, play six sets of tennis in the broiling sun if you wish, and even throw in a few push-ups before going to bed — if you must. In fact, exercise all you want to. If you are normally healthy, you can take it.

At 35, begin the slow-up. Switch, maybe, to golf — or at least cut those tennis sets down to two. Go to the gym if it's absolutely necessary to your ego, but visit the swimming pool, not the handball court.

At 40, skip the whole business. Get lazy. You shouldn't often undertake anything more strenuous than walking or gardening.

Sounds too senile? There's a good reason for slowing up.

Important to long life are two intricate combinations: Muscles and nerves, and heart and arteries. See what happens to them as the years go by.

Your muscles should be developed by 30. You can't improve them much after then, and you may do much harm. Remember that, every minute of your life—whether sitting, standing still, lying down, or just digesting a big meal — the muscle-nerve combination is on the go.

Each action you take requires a nerve impulse and hangs weight on a muscle.

As you grow older, muscles stretch. Recovery time from fatigue becomes longer until finally there's no snapback at all. The result is inefficiency of many organs

Now the heart. That remarkable gadget was perfect only once—in the few weeks before you were born. Ever since, it has been going slowly downhill from work—and it does work.

In 24 hours, if you never even get out of bed, your heart beats 100,000 times and pumps 5,000 gallons of blood through your arteries. Hard exertion can send that load up seven or eight times. At the end of your first 40 years it has already done prodigious labor. It's time to let it rest.

Figures prove that point. Heart disease causes only 23 per cent of the deaths in people between 25 and 44 but 46 per cent in people between 45 and 64, 55 per cent in those between 65 and 74, and 60 per cent in those over 75.

Clearly, overexertion is one of the leading causes of heart diseases. Others are overeating, emotional strain, lack of relaxation, and insufficient sleep. The anti-exercise thesis not to the contrary, a completely sedentary life is another cause of heart disease.

Dr. Peter J. Steincrohn, author of a book called "How to Keep Fit Without Exercise," would ban all but the extremely mild forms of exercise after 40.

He suggests a four-point plan to substitute for exercise in attaining physical fitness.

1.—Good posture, coupled with proper weight. Dr. Steincrohn contends that the man or woman who is not overweight and who stands and sits properly need never do anything more drastic than weed the garden to keep muscles in tune and organs in place.

2.—Sleep. Lack of it he says is equivalent to overexercise. The man who both overexercises and undersleeps is "fondling dynamite" and he can expect an explosion sooner or later.

3.—Vacation. By vacation Dr. Steincrohn means enjoyable change—new activities in unusual surroundings. But, he warns, don't give up your lazy habits in those two weeks.

4.—Hobbies. Don't stop playing if you want to stay alive. And find a hobby early in life before old age catches you with nothing to do but be bored.

Once Over

By H. I. PHILLIPS

The Briefing

Ike and Harry were in conference in the White House. Both boys trained well for the meeting, showed up in the pink. Both had perfected a fast deceptive smile and a strong pretense of having forgotten the campaign slurs. "The things I do for America!" exclaimed each man as he shook hands with the other.

—:—

In a way Ike was trying on the White House for size. It was the first time a Republican had been inside in a generation. Ike carried some authentic old photos and diagrams of the building taken by Herbert Hoover in order to see exactly how much the old place had changed. It was the first time in twenty years that a Republican had asked questions there and got polite answers.

The general was in better shape than Harry for the discussion, as he had two weeks of golf behind him and knew what it was to be in the "rough" with a tough opponent. Smoke issued from the White House during the huddle and it may have been due to the fact Ike insisted on unconditional surrender.

We understand Mamie warned him, "Above all things, don't let the Democrats shift this conference to Yalta or the election could wind up with Joe Stalin as president."

—:—

Harry gave Ike a lot of inside stuff on the world crisis. He probably revealed a lot of data for his own amazement. They went over the global situation, and some people were willing to bet Harry found more surprising developments in it than Ike did. The President, our scout reports, cleared things up on five points:

1.—The Truman war with certain political columnists is practically over and Ike needn't renew it unless he desires.

2.—A truce with the Washington musical critics is advisable, whether or not Ike has anybody in the family who sings.

3.—Harry feels that new mystery weapons should be tried out on Jimmy Byrnes, Harry Byrd or Gov. Shivers.

4.—The question of what should be done with the Jimmy Durante program from now on is up to the Republicans.

5.—The Democrats hope Ike will grant amnesty to Humphrey Bogart and Faye Emerson.

6.—The matter whether or not Gen. Vaughn should wear all his medals as he jumps off the dock should be left to conference.

7.—The President promises not to leave any of his Key West beach attire around the White House.

Harry offered to turn over his 1948 inaugural plans and blueprints for Ike's guidance, but the general refused. He is taking no chances on brass bands playing, "Don't Let Them Take It Away" or on drum majors who subscribe to the "You Never Had It So Good" theory.

Serious trouble was avoided by the fact that in opening the conference Truman didn't say, "Ike, I am your friend and I will do everything I can to help you get anything you want."

Looking Backward

From The News Files

FORTY YEARS AGO—The Little East Ends held a business meeting Monday and elected Ruder Sterling captain to succeed Will Hagan.

Trustees of the Presbyterian Church have purchased the property on the northwest corner of N. Lundy and E. Green streets, adjoining their church property, to allow room for expansion.

TWENTY-FIVE YEARS AGO—A Washington paper asserted that President Calles contributed $100,000 of Mexican government funds toward the expenses of sowing Soviet Russian propaganda throughout the world.

Miss Ann Moore received a contest prize when Misses Ruth and Jeannette Hoch entertained members of the Ohio Belles Club at their home, S. Union Ave.

TEN YEARS AGO—Better not wait until the very last minute to do your Christmas shopping. Salem stores won't be open on Christmas eve this year. A decision to close stores at 6 p.m. to permit clerks to spend Christmas eve with their families, was reached at a meeting of the Trade Extension committee of the Salem Business bureau this morning.

FIVE YEARS AGO — Wedding eve excitement pervaded the rain chilled air of London today as Princess Elizabeth prepared for a twilight rehearsal of her marriage tomorrow to Lieut. Philip Mountbatten.

Even the wedding ring, fashioned of a nugget of Welsh gold, will be at the Westminster Abbey rehearsal in the custody of the young Marquess of Milford Haven, who will be Mountbatten's best man.

Army Censor Is Court Martialed

Wrote Controversial Book On Korea War

FT. MEADE, Md. (AP) — Lt. Col. Melvin B. Voorhees, Army censor in Korea accused of writing a book that wasn't censored, will be court martialed here.

Second Army headquarters announced yesterday that it would push charges against Voorhees for his book, "Korean Tales," which, in his own words "took a slap at a large part of the correspondents corps, which I felt was violating security and endangering lives."

Voorhees is charged with failing to submit a manuscript of his book to the Department of Army for review and disregarding the order of his commanding officer to withdraw the book from publication.

The charges were filed by Gen. Joseph Swing, commander of the Sixth Army on the West Coast but the investigation was switched here so Gen. Swing would not have to act as both prosecutor and judge.

Voorhees said his book, published Armistice Day, ran into a "one-general barrier" in the person of Brig. Gen. Frank Dorn, deputy information officer at the Pentagon in Washington. Voorhees contends Dorn opposed the book because "he said I had no right to write a story which reflected against Gen. MacArthur."

Gen. Dorn denied this. He and his staff spent three days going over the book with Voorhees and ordering changes in "certain parts that were not suitable," Dorn said.

No date has been set for the court martial but it will be held "in the near future."

Voorhees is a former editor of the Tacoma, Wash., Times and has served with the Army 10 years as a reserve officer. During the period covered by his book he was chief censor for the Eighth Army in Korea.

Secretary Of Senate Thinks Of Retiring

WASHINGTON (AP)—Secretary of the Senate Leslie L. Biffle said today he is thinking of retiring after 44 years on Capitol Hill.

Biffle's job will be forfeited to the Republicans when they take over control of the Senate in January. Indications are that J. Mark Trice, present secretary to the minority, may be picked for the job.

Biffle, who is 63, told reporters he has no plans for the future except to take a long vacation.

There were indications, however, that the Democrats would ask him to stay on as director of their Policy Committee, or in some other post.

Senate Dems Termed Heads Of Party

WASHINGTON (AP)—Sen. Richard Russell of Georgia and some other Senate Democrats would guide the Democratic party over the next four years if South Carolina's Sen. Burnet Maybank has his way.

Maybank told newsmen yesterday he does not recognize Adlai Stevenson, the defeated Democratic presidential candidate, as titular head of the party until the next presidential election.

Maybank, who favored Russell for president this year and says he would again in 1956, said he includes himself among the other senators he described as "caretakers of the party."

3 Held For Huge Jeep Parts Theft

WASHINGTON (AP) — The first break in an alleged big-scale stealing of auto parts from the Willys Overland Company has been disclosed by the FBI.

G-men who announced the arrest of three men in Baltimore, New York and Washington last night said they had recovered $100,000 worth of new Jeep parts tucked away in warehouses at Detroit and Baltimore.

They said the three men were members of a huge ring accused of stealing such items as axles, generators, and fuel pumps from the Toledo firm.

Air Force To Continue Use Of Scorpion Jets

WASHINGTON (AP) — The Air Force is going to keep on flying its F89 Scorpion jet interceptor.

Roswell L. Gilpatric, Air Force under secretary, said yesterday there would be no cut in orders from Northrop Aircraft, Inc., producer of the speedy planes, because of a series of fatal crashes which have kept Scorpions grounded for two months.

He said wing weaknesses in earlier models would be corrected in planes now coming off the production line.

Davies, who attended public schools here, is president of the Pennsalt International Co. of Philadelphia.

A native of Wooster, O., he is married to the former Margaret McKee of Salem.

The council which Davies will lead is one of 13 in the United States which serve to co-ordinate military procurement and construction programs and to smooth relations between the Pentagon and private business firms.

2 DIE IN MISHAPS

LIMA, O. (AP)—Allen County has counted its 26th and 27th 1952 traffic fatalities. Gary L. Coon, 13, and Mrs. Clara Gengler, 73, of Delphos, Rt. 1, died Tuesday from injuries received in separate auto accidents.

Execution Date For Rosenbergs Asked

NEW YORK (AP)—An execution date for Julius and Ethel Rosenberg, convicted atomic spies, may be set tomorrow by Federal Judge Irving R. Kaufman.

U. S. Atty. Myles J. Lane said yesterday he will ask Kaufman to set the electrocution date.

The couple have been in Sing Sing Prison's death house since their conviction March 29, 1951, on charges of relaying atomic secrets to Russia.

On Monday the U. S. Supreme Court for a second time rejected an appeal for a review of the conviction.

Presbyterian Women's Group Holds Thank Offering Service

Pictures of the awful conditions under which people live in some other lands added significance to the annual Thank Offering service Wednesday evening in the Presbyterian Women's Association in the chapel.

The pictures were colored slides taken by Rev. and Mrs. Don Montgomery of the Youngstown United Presbyterian Church on their recent trip to the Holy Land and Europe.

Mrs. Montgomery gave a descriptive commentary through the showing. She recounted the deplorable conditions they found, especially among the Arabs.

The busy evening included the election of the following officers: Mrs. J. C. Pottorf and Mrs. Raymond Stiver, co-presidents; Mrs. Paul Smith, first vice president and program chairman; Mrs. Cora Daugherty, second vice president and fellowship chairman; Mrs. Ralph Walton, third vice president and world service chairman; Mrs. Clarence Ward, assistant treasurer, and Mrs. Louis Weirick, secretary.

Mrs. G. W. Smith was re-elected treasurer at the business session presided over by Mrs. Pottorf, 1952 president who will serve with Mrs. Stiver during 1953.

Treasurers of all 12 committees of the association participated in the effective Thankoffering presentation, laying their money at the altar where the fruits of harvest were arrayed beneath the picture of Christ. Besides the missionary offering, "Pennies for Palmer" hospital in Alaska also were presented.

The story of harvest and Thanksgiving was told by Mrs. Harry Krohne. Mrs. Clifford Todd, third vice president, explained that 27 consecrated Denver, Colo., Presbyterian women originated the annual Thankoffering service in the Presbyterian Church in March, 1875, and in 1880 all women of the church were asked to join in the observance.

The hymn of praise was sung by Miss Grace Ellenberger, and Mrs. Harry Snyder, program chairman, played her accompaniment.

It took two large tables to hold all the gifts brought for Miss Murell Boone at the mission station at Newport, Tenn. Included were gifts for children and mothers cared for at the missions at Dry Hill, Ky., and Sunset Gap, Tenn.

The work of women in the Presbyterian Church was defined in the skit entitled, "PWO Salad," enacted by Mrs. Bryce Kendall and Miss Elinor Currier.

Members of the November committee conducted a successful bazaar and also served as hostesses at the tea served in conclusion. Presiding at the silver service were Mrs. S. F. Carnes and Mrs. Wayne Helm. A horn of plenty, filled with fruits and nuts, was between lighted tapers on the lace-covered refreshment table.

Announcement was made of the meeting of young women at the Evening committee meeting Dec. 2 in the church for the purpose of forming a new committee. All members of the May, June, July and August committees are invited to this coverdish affair. Gifts will be brought for mission stations.

The next general meeting will be held Dec. 17, when a special program is planned.

Carrie Eddy, Harry Coppock Wed In Columbiana Church

Rev. Donald Voelm, pastor of the Grace Reformed Church of Columbiana, performed the double ring ceremony Saturday evening in which Miss Carrie Jean Eddy became the bride of Harry Lee Coppock.

Miss Eddy is the daughter of Mr. and Mrs. Harold Eddy of Columbiana. Her husband is the son of Mrs. Richard Uselton of Columbiana and Chalmer Coppock of Lisbon The bride's father gave her in marriage.

The altar was banked with green Saslares, bouquets of white pompons, and seven branch candelabras. Mrs. Robert Ross was soloist.

Organist. Miss Leona Ehrhart, played among other selections, "A Tree In the Meadow." The number was played for the groom's grandmother at the request of the bride.

The bride wore chantilly lace over white satin, with a sweetheart neckline outlined with a narrow band of illusion. A fingertip veil of illusion edged with chantilly lace and cloche completed the ensemble. White roses, showered with ivy and lilies of the valley, were centered with a white orchid to make up the bridal bouquet.

Miss Beverly Alderette and Mrs. Richard Eddy, cousin and sister-in-law of the bride, were attendants. Each wore a white nylon net gown with hoops and white nylon net stole. Miss Alderette carried pale blue carnations showered with lilies of the valley to match the pale blue nylon tricot panel in her gown. Mrs. Eddy carried pale pink carnations showered with lilies of the valley which harmonized with the pale pink nylon tricot panel of her gown.

Willis Miller was best man. Ushers were James Nolan and Richard Eddy.

Approximately 200 guests from Lisbon, Akron, Youngstown, Leetonia, Steubenville, Salineville, New Waterford and Pittsburgh, Pa. attended the reception. Mrs. Russell Crumbacher of Columbiana, Mrs. Don Weigle of Akron, Mrs. Harry Kier of Aliquippa, Pa. and Mrs. James Alderette of Beaver Falls, Pa. served. Mrs. James Magill was in charge of the guest book.

Both the bride and groom are School. The bride attended Salem graduates of Columbiana High City Hospital School of Nursing. Her husband is affiliated with the A.B.C. Mining Company of Lisbon.

The new Mrs. Coppock wore a brown suit with gold accessories and the white orchid from her bridal bouquet for a honeymoon trip to New York City and Coudersport, Pa. Upon their return, Mr. and Mrs. Coppock will reside at RD 2, Lisbon.

National Rubber Buys Addition

Council Considers Hiring New Policeman

COLUMBIANA — The National Rubber Machinery Co. has bought of the Electro-Metallurgical Co. of New York its vanadium plant here and will get possession May 1. The deal was closed in Akron last Friday.

Announcement was made recently that the vanadium company planned to abandon its plant here and transfer operations to its new plant at Alloy, W. Va. The vanadium plant adjoins and extends west from the crowded foundry quarters of National Rubber and occupies an irregular piece of ground of about an acre. National Rubber has made no announcement of its plans. Its president, Paul Frank of Akron, was in town Monday.

The vanadium plant, which employs 35 men, was originally a factory for handmade tools. It was taken over in 1925 by the U.S. Vanadium Co., which sold it in 1927 to the Electro-Metallurgical Co. Its product, an element of steel, is smelted from ores shipped from Colorado. A large accumulation of slag from the smelting operations, which has been stored on Pennsylvania Railroad vacant ground near by, is being shipped by railroad to the vanadium company's plant at Niagara Falls.

—:—

PLANS AND specifications for the central rest rooms to be provided in Firestone Park were submitted to Village Council Tuesday evening by President John Cox and Elmer Detwiler Jr., of the park board, so that the project may be advertised and work started as early as possible in the spring. The cost estimate is $12,000, including extension of the sewer line, which was done last summer. Gas heating units overhead are planned. The site is near the east end of the stadium.

A proposal to add a fourth policeman was again submitted to council by Chief R. G. Millen, and in view of figures as to money receipts in the police department, the finance comittee, Charles Fisher, Arthur Myers and Walter Miller, will make a study of the financial aspects. It was pointed out that Lisbon, a town of comparable size, has five policemen. The three Columbiana policemen are on a six-day week of about 50 hours, but are subject to extra hours in some cases.

Addition of a fourth policeman would afford protection around the clock and eliminate a period in the early morning during which no policeman is on duty, and would make for each member of the force a six-day week of about 44 hours. Parking meters are paying between $500 and $600 a month, but out of this must come repairs and provision for renewals within a few years.

—:—

GRAYSON METZ of the cemetery board requested improvement of the drives south and west from the war memorial, and Street Commissioner Carl Spratt was instructed to see what can be done.

Commissioner Spratt reported requests that hte curb at Pittsburgh and S. Elm Sts. be cut back to afford better accommodations for traffic at the corner of the High School premises. This could only be done by sacrificing a fine, large elm tree, which Council refused to consider.

Chief Millen reported receipt of a magazine published by one of the Youngstown mills, which said that Youngstown visitors to the Columbiana fair would appreciate among the many "no parking" signs one that would say "fair" parking.

A letter to Mayor Walter Thomas from the State Health Department said that an inspection of the Columbiana water supply showed it to be all right.

The cemetery board was authorized to transfer $400 from its lands and building fund to pay for a new mower purchased last summer.

—:—

GEORGE CALVIN, oldest employe of the street department, was raised from the $1.10-an-hour bracket in the pay ordinance to the $1.25-an-hour bracket for 44 hours a week. A request of the cemetery board for a raise in the pay of the sexton, Harry Wilson, from $240 to $260 a month was taken under advisement.

A number of complaints against the ordinance forbidding parking on streets or alleys from 2 a.m. to 6 a.m. have been made to police, but a deputation that was to have appeared before Council Tuesday evening failed to show up. The purpose of the ordinance is to facilitate the use of the snow plow when needed.

The mayor and members of Council will meet at City Hall about 6:45 p. m. today to go to Warren for a meeting of the League of Ohio Municipalities.

At a meeting of the executive committee and chairmen of committees of the Columbiana Business & Professional Women's Club at Bundy's Restaurant Tuesday evening, a gift of $25 was voted for girls' work in the Columbiana schools, along with a drawing account of $10 a month for the work of the Girl Scouts.

The November meeting of the club will be held at the Christian Church next Tuesday evening, with dinner at 6:30. Miss Jean Harmony, teacher in Bennett School, Youngstown, will be present with a couple of her handicapped children to show their progress.

FARM MEETING SPEAKERS

LISBON—Dr. M. G. Smith and L. H. Barnes, rural economists, and Mable Spray, home management specialist, all from Ohio State University, will be discussion leaders at a district farm and home outlook meeting to be held in the Masonic Temple in Ravenna Dec. 3.

POLICE WIN SHORTER HOURS

IRONTON, O. (AP)—City policemen will be working only 40 hours now. They won the shortened work week at the Nov. 4 election, though it took a recount to convince the Lawrence County Election Board. The first tally had the proposal defeated by 64 votes. A checkup Wednesday showed it carried by 10 ballots.

Croce, Leading Philosopher, Dies At 86

NAPLES, Italy (AP) — Benedetto Croce, one of the leading philosophers of the 20th century, died at his home here today. He was 86.

Croce had been suffering from a kidney infection which followed an attack of influenza. He had been in failing health in recent years. Since early this year, illness had confined him to his bed in his home in the Filomarino Palace.

Croce was one of the great liberal philosophers of the century. His position in 20th century philosophy has been compared with that held by the German philosopher Hegel in the 19th century.

His writings dealt with the nature of history, methods of literary criticism and the philosophy of the spirit. His published works number in the hundreds and cover the whole range of philosophy, prose and poetry.

Hayes, Buckeyes Ready For Michigan Wolverines Saturday

Minor Injuries On Buck Squad

Traditional Battle To Attract 82,000

COLUMBUS, O. (AP) — Woody Hayes, all set to pilot his Ohio State Bucks over the last big football jump against Michigan Saturday, packed his bulky charges in cotton today.

"No more rough work,' said Hayes.

The Bucks looked in their best physical trim of the season as they tapered off for the traditional tangle with the Wolverines that likely will bring 82,000 fans into Ohio Stadium this week end and may decide whether Michigan goes to the Rose Bowl.

That is, if the minor hurts that kept seven key defensive players on the shelf until Wednesday don't turn into major reasons for a lot of Michigan ground-gaining.

The seven included linebackers Tony Curcillo and Doug Goodsell, tackles Irv Denker and Bill Vavroch; halfbacks Fred Bruney and Marts Beekley and end Dick Anderson.

Hayes handled his offensive team with even more deference to bones and muscles than he has his defense. The offense was confirmed to light formation work while coaches tried to put a high luster on their efforts.

It looked, from practice sessions, like Ohio State planned some more of the balanced attack it sported so successfully last week against Illinois.

Quarterback John Borton, one of the better throwers in the Big Ten, is a cinch to toss that ball, but Hayes added a few new wrinkles to the ground attack, too.

The newly discovered running potential probably will feature Bobby Watkins, a fleet right halfback who turned in 100 yards in 16 trips against Illinois; Bruney, who plays both offense and defense, and John Hlay, the bull-in-a-china-shop type at fullback.

These were mechanical preparations, however, and most of the coaching staff believe the outcome of the Michigan-Ohio State game in any given year rests with more ethereal things of the spirit.

Clark Griffith 83 Today; To Be Honored

WASHINGTON (AP)—A giant birthday party was cooked up for Clark Griffith, baseball's oldest active participant and president-owner of the Washington Senators, who turned 83 today.

On hand for the festivities at Griffith Stadium will be some of the present Senators, some of the clubs all-time stars and a band of Griffiths sons-in-law and grandchildren.

Among those sons-in-law are Joe Cronin, general manager of the Boston Red Sox, and Joe Haynes, Washington pitching coach.

Griffith is second in baseball seniority only to Connie Mack of the Philadelphia Athletics. But Mack, wholl be 90 next month, turned in his scorecard at the end of the 1950 season after managing the Athletics for 50 years. He's just a spectator now.

Yank's Whitey Ford Released From Army

FORT MONMOUTH, N. J. (AP)—Edward "Whitey" Ford, the rookie pitcher who had a big hand in the New York Yankees' 1950 pennant push, was mustered out of the Army Wednesday.

Ford, just turned 24, left the Signal Corps center here for his home in Jackson Heights, N. Y., where his wife, Loan, and eight-month-old daughter, Sally Ann, were waiting for him.

WITH THE FOOTBALL SEASON completed for 1952, Fred Cope, faculty manager of Salem High School, and Dick Crookston, student head manager, begin the annual chore of checking all of the Quakers' football equipment. The school owns some $17,000 worth of grid garb including eight sets of jerseys, five sets of pants, 117 helmets, 162 pairs of shoes, 129 shoulder pads, 97 hip pads, 54 rib pads, 85 pairs of thigh guards, 30 sideline coats, and 36 sideline jackets, plus other numerous articles such as shoe laces, tape, socks, supporters, elbow pads, knee pads, and other medical items. All too much for one closet.

Southern Cal, UCLA In Top Condition For Game Saturday

LOS ANGELES (AP) — The football teams at Southern California and UCLA eased down a bit in workouts today and, barring the unforeseen, will go into their Pacific Coast Conference championship game in Memorial Coliseum Saturday in near-perfect condition.

The possibility that Southern California's great tackle, Bob Van Doren, may not be able to play cast a pall of gloom in the Trojan camp. Dr. Willis L. Jacobus, team physician, said Van Doren has not progressed satisfactorily from a mild concussion suffered in last week's game against Washington.

"It is quite doubtful whether he will be ready by Saturday," said Dr. Jacobus. X-rays and brain wave tests showed no serious injury, but the big defensive tackle has been complaining of headaches all week.

The battle, with the winner heading on to Pasadena and the Rose Bowl engagement with the Big Ten representative, still shapes up as an even struggle between a pair of teams unbowed and untied in eight games apiece.

If either has an advantage, it is Southern California's greater reserve strength.

The UCLA coach, Red Sanders, while conceding nothing to the Trojans, either on offensive or defense, did admit this:

"Well, they do have more football players than we do."

An injury in the game to one of Sanders' starters, say halfback Paul Cameron or blocking back Lewis Williams, or linebacker Donn Moomaw, would work an extreme hardship.

Trojan coach Jess Hill conceivably would not be harmed too much by injuries. There isn't much to choose between his first and second platoons on either offense or defense.

One of Hill's problems, it would appear, has been deciding which of his various combinations in the backfield might be the most effective. He has about five tailbacks, headed by Jimmy Sears.

The game, to be witnessed by millions of television fans and a sellout crowd of 101,043 on the scene, will feature a duel between 167-pound Sears, no. 32 for the televiewers, and rangy, 180-pound Cameron, no. 34.

Cameron has completed 30 out of 80 throws for 429 yards and eight touchdowns, with three interceptions. He has gained 150 yards in the 60 times he's run with the ball.

Sears has completed 30 out of 80 throws for 528 yards and seven touchdowns, and four have been intercepted. He has a rushing gain of 298 yards in 103 tries.

Willie Pep Wins Unanimous Decision

ST. LOUIS (AP) — A confident, crafty Willie Pep, his latest "comeback" opponent listed as a victim, says he'll fight anyone, anytime, to gain another crack at winning back his featherweight crown from Sandy Saddler.

The bobbing veteran put on his usual show Wednesday night to win a unanimous 10-round decision from Fabella Chavez, a youngster from Hollywood, Calif. Both weighed 129 pounds.

It was just a matter of Pep craftiness — with some nice help from a jabbing left and a head-snapping right — that gave the clear-cut victory. Judges Howard Hess and Fred Connell, and Referee Ray Palmer saw the fight the same way. Each gave it to the 30-year-old Pep, 58-42.

Amvets To Hear Luke Easter Friday; Guests Are Welcome

Guests are welcome Friday night at 8:30 at the Salem Amvet post when Luke Easter, slugging first baseman of the Cleveland Indians, will be on hand to address Amvet members and guests.

Easter represents the second speaker to appear at the Amvets in the past month, both of them affliated with the Indians. Harrison Dillard, who works in the Tribe publicity department and is a great track star, addressed the group three weeks ago.

The Indians' first sacker is expected to speak on the past season with the Indians and his personal prospects for himself next season. The 6 foot 5 inch, 235-pounder will undoubtedly stage a question-and-answer period following his talk to answer various questions.

A lunch will be served following Easter's address.

Students Want To Prevent Disorder

CINCINNATI (AP) — The students themselves are trying to prevent any destructive demonstrations before or after the Miami-Cincinnati football game—already building up to one of the biggest in a series that goes back to 1888.

Student representatives of both universities Wednesday adopted a joint resolution pledging their efforts "to eliminate all destructive manifestations of school spirit on the part of their respective student bodies." The resolution pointed out that there had been "immature and irresponsible acts of destruction" by students of both schools in past years.

The Miami - UC game will be played here Thanksgiving Day. It will decide the Mid-American Conference championship. Miami is unbeaten and untied and Cincinnati has only one defeat and one tie to mar its record.

Sauer Named National League's 'Most Valuable Player'

By RALPH RODEN

NEW YORK (AP)—Hank Sauer, the rags to riches outfielder of the Chicago Cubs, today was named the most valuable player in the National League for the 1952 season by the Baseball Writers Association of America.

The selection of the 33-year-old Chicago slugger came as a surprise to many as Sauer slumped badly during the last month of the season following a brilliant start.

Sauer won his circuit's highest honor by a narrow margin over Robin Roberts, the graceful right-hander of the Philadelphia Phillies, and Joe Black, the rookie relief expert of the pennant winning Brooklyn Dodgers.

The Chicago star, whose climb to major league stardom was a tortuous path, collected 226 points out of a possible 336. Roberts, who won more games than any other pitcher, 28, finished second with 211 points. Black, who made Brooklyn's entry into the World Series possible, was third with 208.

Sauer, a six-foot, four-inch 200-pound bruiser, ran into a terrible slump in September. He hit only three homers, drove in seven runs and collected 16 hits in 75 times at bat.

Despite this poor showing the Cub cleanup hitter wound up tied for league home run honors with Pittsburgh's perennial champion, Ralph Kiner, at 37 each. He also led the loop in runs batted in with 121, the highest of his major league career, and batted .270.

Only other players to poll 100 or more votes were Hoyt Wilhelm, the rookie relief specialist of the New York Giants, and Stan Musial, the six time batting champion of the St. Louis Cardinals. Wilhelm placed fourth with 133 points and the $85,000 a year Musial, fifth with 172.

Rounding out the top ten were, Enos Slaughter, St. Louis, 92 points; Jackie Robinson, Brooklyn, 31 points; Pee Wee Reese and Duke Snider, Brooklyn, 29 points each, and Roy Campanella, Brooklyn, and Red Schoendienst, St. Louis, 25 points each.

CARPENTER MARION— Hammer poised, Marty Marion works on a playhouse for his children at his St. Louis County, Mo., home. The great shortstop has a bigger building job as manager of the Browns.

PLAY OPENER TONIGHT

The Salem Republican Girls team will encounter the Pyramid Motors Girls in the Memorial Building. The contest opens all basketball action in Salem and is the first of several games scheduled with out-of-town teams for the Republicans.

The University of Florida grid team intercepted 13 of 87 opposing passes in their first four games. Defensive halfback Tommy Ives led the way with four interceptions.

UCLA Picked Over Trojans; Michigan State, Georgia Tech, Oklahoma Also Chosen To Win

NEW YORK (AP)—There were 21 fumbles in the recent Purdue-Notre Dame game, there were 19 in the Notre Dame-Michigan State game. But there were only 12 fumbles in last week's selections.

Thirty-nine picks were correct for an average of .765. So here come this week's selections.

UCLA over Southern California: Paul Cameron is healthy and just now coming into his own at a time when the two coast powers meet for the conference title and the Rose Bowl bid. Even the TV moguls knew this because back in August they picked this one as your home entertainment for Saturday afternoon.

Michigan State over Marquette: By a considerable edge.

Georgia Tech over Florida State: If this were a fight it would be ruled "no contest."

Oklahoma over Nebraska: Bobby Reynolds has re-joined his Nebraska mates but it is doubtful if that is enough.

Tennessee over Kentucky: The question isn't can Kentucky win? Instead, it is can Kentucky score?

Maryland over Alabama: Alabama to feel the full fury of Maryland's anger over that upset loss to Mississippi last Saturday.

Notre Dame over Iowa: The last two meetings of these two rivals ended in ties and don't be surprised if this one doesn't also.

Tulsa over Arkansas: After a hesitant start, Tulsa now is the free-wheeling outfit that September seers predicted

Ohio State over Michigan: There is just a flicker of unrest among the Ohio State alumni. A victory over Michigan would halt it.

Wisconsin over Minnesota: They have taken the snaffles off Alan The Horse) Ameche.

Duke over North Carolina: This could be the straw that would topple Coach Carl Snavely out of his uneasy seat at North Carolina.

Finishing the others in a hurry: East: Columbia over Brown, Villanova over Boston University, Bucknell over Delaware, Princeton over Dartmouth, Rutgers over New York University, Pittsburgh over Penn State, Syracuse over Fordham, Holy Cross over Temple, Yale over Harvard.

Purdue over Indiana, Iowa State over Kansas State, Kansas over Missouri, Illinois over Northwestern, Oklahoma A & M over Washington State.

Auburn over Clemson, the Citadel over Davidson, Miami over Florida, LSU over Mississippi Southern, William & Mary over North Carolina State, Wake Forest over Furman, Virginia over Washington & Lee, South Carolina over West Virginia.

Southern Methodist over Baylor, Texas Tech over Arizona, Rice over Texas Christian.

Fundamentals To Be Stressed In Reds' Camp

CINCINNATI (AP)—Fundamentals, said Rogers Hornsby today, are the important things baseball players—some of the veterans included—need to brush up on in spring training.

And they will be stressed every day the Cincinnati Reds are in spring training at Tampa, Fla., beginning next Feb. 26, the manager added.

Hornsby does not believe in pitchers reporting ahead of any one else to get ready for the season, and he has ordered all members of the squad to report on the same day.

"We are going to work on fundamentals down in Tampa, as I believe there are many phases of the game that youngsters, and even some of the veterans, need brushing up on," he declared.

"Every position is wide open and the fellow who plays the ball down there will get the job. I don't care if the fellow played Class D ball the year before. If he shows me he can do the job better than the other fellow, I'll use him."

Hornsby, the greatest righthand hitter of all time, took over the Cincinnati club last Aug. 5. It won 27 games and lost 24 under his managership. The Rajah succeeded Luke Sewell as manager.

Holman Denies Accusations; To Fight Them

MADRID, Spain (AP) — "Incensed and infuriated" at the charges which led to his suspension as City College of New York basketball coach, Nat Holman is going home to fight the accusations.

Holman, whose 34-year coaching career was capped by an unprecedented "double" in winning both the NCAA and NIT tournaments in 1950, said in a telephone interview Wednesday he would "return home as soon as possible to contest vigorously what I consider an unjust victimization" of himself and two other college officials suspended Monday night.

Interrupting a sightseeing tour in Seville during a sabbatical leave from the college, Holman asserted he was being used as a "scapegoat" by the New York Board of Higher Education's Committee on Intercollegiate Basketball.

The committee, after an investigation of the 1951 basketball "fix" scandals that rocked the sports world, charged Holman, Prof., Frank S. Loyd, chairman of the Faculty Committee, and assistant Coach Harry Sand with unbecoming conduct.

Sala, Olson Battle Tonight On Coast

SAN FRANCISCO (AP)—Larruping Lee Sala, a converted southpaw who has stopped 48 of his 74 opponents, pits his punching power against superior boxer Carl (Bobo) Olson here tonight in a 10-rounder bringing together two of the top ranking middleweights of the country.

Important stakes rest on the outcome. Olson, from Honolulu, is rated No. 1 contender in New York for the title held by presently inactive Sugar Ray Robinson. The clever ringman from the islands, a fair hitter in his own right, lost a close 15-round decision to Robinson their title match here last March.

Sala, a left hook specialist from Donora, Pa., strengthened his challenger's claim considerably a few weeks ago when he gave another topnotcher, Norman Hayes, a bad beating. Sala's impressive record lists only four defeats.

Odds makers have established Olson as a slight favorite. The fight will be be televised.

Joe Kopcha, former grid ace with the Chicago Bears, is a leading obstetrician in Gary, Ind.

Two Rose Bowl Candidates Battle In Statistical Race

CHICAGO (AP) — Wisconsin and Michigan, who have showdown games Saturday for the Big Ten football title and Rose Bowl assignment, also are leading the race for statistical champion.

Wisconsin tops the field on offense in total yardage, first downs and points scored. Michigan holds the defensive lead, built on a record of yielding the fewest touchdowns and first downs and fewest yards per play.

Michigan's final foe, Ohio State, boasts the best balanced team statistically. The Buckeyes rank second on total offense and second on total defense.

Wisconsin's opponent, Minnesota, is last in average points scored, 14 and total yards gained per game, 238.4.

The Badgers are tops in yards gained with 420.2 per game, based on 262.2 rushing and 158 passing. The 262.2 is the Big Ten's best rushing mark. Illinois' 195.8 is the high passing gain.

The passing of Illinois Tommy O'Connell has lifted him into the lead on total offense with 1,112 yards. Wisconsin's Alan Ameche tops the rushers with 596 yards, followed by Michigan's Ted Kress and Purdue's Mal Schmaling with 443 and 442, respectively.

Kress leads this rushing trio in average gain per play with 5.21, but top man in the department is Wisconsin's Jerry Witt with 5.74.

Browns Top Offensive Aggregation In NFL

PHILADELPHIA (AP) — The red hot aerial attack of the Cleveland Browns has carried the National Football League leaders past the San Francisco 49ers and into the lead in total offense.

The Browns have passed for 1,699 yards and rushed for 1,180 more for a total gain of 2,879 yards. That passing mark is also tops in the league. The 49ers are best on the ground with 1,500 and second in total offense with 2,853.

Pittsburgh's Steelers are second in passing, piling up 1,400 via the air route while the Chicago Cardinals are the No. 2 team in rushing with 1,293 yards.

Detroit is the No. 1 defensive team against the running attack, limiting opponents to 2.9 yards per attempt while Cleveland also is tops in pass defense, having permitted completion of only 36.8 per cent of enemy aerials.

Maryland Briber Out On $2,500 Bail

UPPER MARLBORO, Md. (AP)—Louis J. Glickfield, 21, of Hyattsville, was free in $2,500 bail today on a charge of attempting to bribe a University of Maryland football player.

Glickfield, a junior at the university until he was expelled last month, surrendered to county authorities here Wednesday on the eve of an extradition hearing in Washington, where he had given himself up three weeks ago.

Glickfield is accused specifically of offering Center Tom Cosgrove, Philadelphia senior, $1,000 to "control the score' in the Maryland-Louisiana State football game on Oct. 25 at College Park.

Quarterback Jack Scarbeth and Guard Frank Navarro also reported they were approached about keeping down the score. They said they were asked to see to it Maryland did not win by more than 20 points.

Maryland won, 34-6.

Sooners Decide Against Bowl Game Action

NORMAN, Oklo. (AP)—Oklahoma's brief flirtation with post - season football appeared to be a dead affair today with bowl fever cooled by the team, university president and regents chairman.

The formal end to the strange episode was expected to come today the same way it started—at a meeting of the Board of Regents.

The official attitude was that a New Year's Day game, like the Orange Bowl which had an invitation ready, would be nice—

But not at the price of disciplinary action by the Big Seven Conference for violating its ban on post-season athletics, or severing ties with the loop altogether.

The 24-hour bowl binge, touched off by a student demonstration Tuesday night, reached its climax Wednesday when the decision was dumped into the player's laps.

The Sooners, No. 6 in the AP poll, voted to accept a bowl bid but only if the Big Seven relaxed its restrictions, which it refused to do a week ago.

Players balked at taking action which would jeopardize, or even end relations with the conference, and thus have far-reaching effect on every school sport.

With regard to Western Europe, some American sentiment holds that direct financial aid should be discontinued. Proponents of this belief argue that military aid alone —and assisting European allies with a broadened trade basis— would be more effective and less costly.

The probability of opening more American markets to British trade would be a matter of major interest for Eden.

There has been speculation, as well, that foreign secretary would sound out Eisenhower on a meeting with Prime Minister Winston Churchill.

Dulles interview precedes Edens today.

The New Yorker has served for years as an adviser on foreign policy. He bore the brunt of the work of formulating the treaty with Japan, negotiating with other nations on disputed points, and finally getting it signed.

Dulles is reported to have support both from Taft and from Gov. Thomas E. Dewey of New York for the post of secretary of state.

Eisenhower also has a date today with Harold E. Stassen, former governor of Minnesota. Stassen's name also crops up frequently in speculations about the next cabinet.

Elect. Furnace Tour Enjoyed By Teachers

The Electric Furnace Company was host to a group of Science instructors from Salem and other local area schools during an inspection tour of the company plant here yesterday.

Meeting with company officials in the morning, the visitors were conducted on a tour through the research, engineering, experimental, machine, structural and other departments by R. R. Perrine, research engineer, C. R. Moore, chief draftsman, and C. H. Vaughan, assistant vice president and sales manager.

Mr. Vaughan described the operations and processes necessary and problems encountered in developing and building the large industrial gas-fired, oil-fired, and electric furnaces and kilns and other heat processing equipment built in the local plant.

Of special interest to the science instructors were the many types of experimental furnaces and special atmosphere producers and other units in operation in the research department. This department includes a large continuous combination gas fired and electrically heated furnace capable of handling commercial widths of ferrous and non-ferrous strip in standard mill size coils.

The well equipped chemical laboratory used for analyzing and the study of materials best suited for furnace construction and for determining results obtained in heat treated products from furnaces also attracted considerable attention.

Mr. Vaughan also showed pictures of the many types of furnaces which are designed and built in the Salem plant and as they actually appear when erected in the customers' plants all over the world.

He also showed the visitors actual samples of material processed in EF equipment which includes furnaces and kilns for continuous scale free hardening, copper brazing, carbon restoration, nitriding and bright annealing stainless steel, brass and copper strip, tubing, wire, decorating chinaware and many other processes.

Included in the visiting group were Miss Alberta Windle, Miss Race, Mr. Homer Pyle and Richard Berryman of the Columbiana Village School, Mrs. Margaret Baker and Mrs. Minnetta Millar of Salem Junior High School and Miss Carol Kelly and Herbert Jones of Salem High School.

The instructors were guests of the company at lunch at the Lape Hotel.

This was one of a series of business and industrial tours arranged by the Industrial Information Institute.

A Mustache, Ah!

By HAL BOYLE

NEW YORK (AP)—Many women have married a man because of his bankroll. But did any woman ever marry a fellow solely because of his mustache?

Did she ever, crumpling shyly against his manly bosom, murmur:

"You yourself have an utterly resistible personality, my dear. But your mustache! Ah, I can fight against it no longer. It has swept me quite off my feet."

A boy, rubbing castor oil on his upper lip to stir the slow growth of the reluctant fuzz thereon, may daydream of such situations. But I have never heard in real life of a mustache with much romantic influence.

What is the actual social impact of the mustache?

This question arises because it appears that this form of male facial landscaping is getting more popular. It seems to me I see more and more mustaches around. I would like to believe this is only because there are more people in the world, as I like to look at the bright side of things.

I would hate to see mustaches become a badge of valor or a measure of achievement, as in a society in which that were true I would have to become a hermit.

Men grow mustaches for only three general reasons:

1. They have an inferiority complex.
2. To pay an election bet.
3. Curiosity.

The first of these reasons is the most widespread. And the average mustache carrier will admit it, if pressed.

"I grew mine to prove to myself that I could do something the other guys in my crowd hadn't done," one said. "It helped me overcome a lifelong feeling of inferiority, and gave me an immediate sense of security and personal victory."

The boy or man who rears a mustache out of curiosity or to pay an election bet he has lost soon finds the novelty wears thin, and off comes the mustache. The time and trouble it takes are no longer worth the effort.

But one who grows a mustache to cure himself of inferiority will never yield it until death. In case of fire he places its safety before that of women and children.

It is his hairy banner of success in the battle every man fights within himself, his flag against the world. Behind every mustache lurks a mouse that has been turned by this symbol into a lion.

Ever watch a man with a mustache? Notice how he toys with it, reaching up now and then to be comforted by the fact it is still there? He never is safe from the fear someone will take it away from him, or shave it off while he is asleep.

A mustache automatically turns a man with an inferiority complex into a man with a superiority complex. Secretly or openly, he becomes a snob about it. Often he will take more trouble to discipline it properly than the ordinary parent does to curb a wayward son. He couldn't sell it for a cup of coffee, but to him it is a patch of real estate more valuable than all the forests of Canada.

In his case clothes don't make the man—but his mustache does.

That, I believe, is why wives put up with husbands' mustaches. Being kissed by them must be vaguely like being hit in the mouth with a toothbrush. But a woman tells herself, "well, if it makes my little man feel taller, I'll go along."

And that's what the mustache does do. It gives the fellow the same feeling he had when he wore stilts as a boy.

What I have against mustaches is that I once tried to grow one out of curiosity—and found I could not. It didn't grow. It drooped and dribbled.

How do you cure an inferiority complex arising from the discovery you can tear a telephone book in half, but can't grow a measly, piddling, worthless, unsightly, out-of date, impractical thing like a mustache that nobody really wants anyway?

Urges Reorganized Highway Department

CLEVELAND (AP)—A member of the Ohio Program Commission's highway committee called Wednesday for reorganization of the state department of highways.

Harold G. Edwards of Columbus declared that all functions which are not directly related with construction or maintenance of highways "should be divorced from the state highway department."

Edwards spoke at a highway forum at the Ohio Chamber of Commerce 59th convention, which opened here Wednesday.

The reorganization, he said, should include placing the office of division engineer in the classified civil service. Division engineers now serve at the pleasure of the director of highways.

Edwards said the biggest problem facing highway planners is heavy traffic in urban areas. He cited census figures which show Ohio's urban population has increased 20 per cent or about 900,000 persons since 1940, while rural population went up only about three per cent or about 75,000 persons.

Movie Official Dies

HOLLYWOOD (AP) — Isaac E. Chadwick, president of the Independent Motion Picture Producers and Distributors Association since 1924, died yesterday of a heart attack. He was 68.

Chadwick joined the film industry in 1910. He was born in London and was graduated from Cornell University. At one time he headed his own film company in Hollywood.

superstition in this enlightened age

Do YOU STILL BURY a dishrag to remove a wart on your finger? Perhaps not, but some do. Yes, even asafetida is still worn on a string about the neck to ward off illness.

These cases are extreme, but surprisingly superstitious notions about disease and treatment are held in this enlightened age.

Before you accept secondhand statements that hint of witchcraft, consult your physician. He alone is competent to evaluate methods of prevention and treatment of disease.

Serve Lamb These Tasty Ways

Looking for good meat dishes at budget prices? Then buy forequarter cuts of lamb. There is a supply now and they are down in price. Here are three tasty ways to prepare the lamb.

Braised Lamb Shanks

4 lamb shanks (1½ pounds each)
2 tablespoons fat
Salt and pepper
2 cups water
1 cup diced carrots
1 cup diced potatoes
½ cup diced celery
1 medium onion, chopped

Heat fat in a heavy skillet. Season the shanks with salt and pepper and brown them well in the hot fat. Add the water. Cover and cook slowly or bake in a moderate oven (350 degrees F.) 1½ hours. Add more water if necessary to prevent burning. Add carrots, potatoes, celery, and onion. Cook 30 minutes or until vegetables are tender.

Lamb Breast, Sausage Stuffing

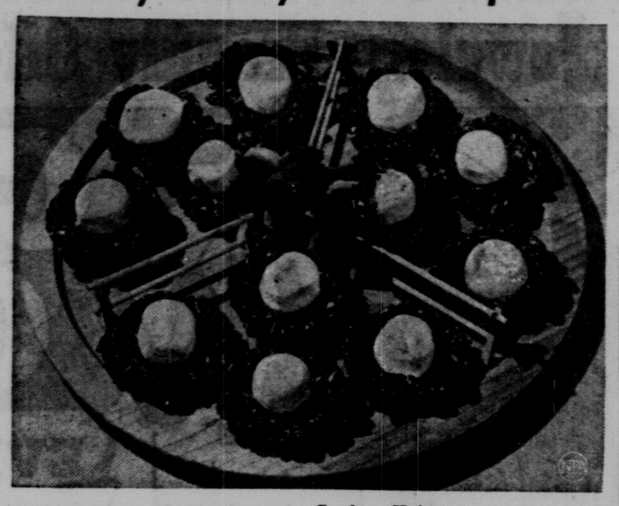

3 pounds boned breast of lamb
½ pound pork sausage meat
Salt and pepper
1 onion, diced
2 tablespoons fat
1 cup water
¼ cup catsup

Spread the breast of lamb with the sausage meat. Roll it up and tie with string or secure with metal skewers. Sprinkle with salt and pepper. Heat fat in a heavy skillet and brown the lamb roll in the hot fat.

When well browned, add the water, catsup, and onion. Cover and simmer slowely about 1½ hours or until fork tender. Add small amounts of water during cooking if necessary to prevent burning.

Lamb Pinwheels: Roll up the stuffed lamb breast as above. Then slice the roll into 1-inch slices (between skewers). Place the slices in a baking dish cut side down and bake in a moderate oven (350 degrees F.) 30 to 40 minutes. Pour 1 cup tomato juice over the slices and continue baking until lamb is tender, about 45 minutes more.

Cowboy Candy For 'Cowpokes'

Looking for a wholesome party idea for the young set? Perhaps this "Cowboy Hat" will be a good chocolatey answer.

These Cowboy Hats are easily made. Puffed rice forms the base. Then a marshmallow-chocolate sauce is poured over the puffed rice to coat each individual kernel. The fun comes when the young cowboys and cowgirls shape the candy-puffed rice mixture to resemble cowboy hat brims.

This calls for an experienced "hand" as any young cowboy will tell you, so call for volunteers at this point. When the brims are all shaped, cap each with a toasted marshmallow for the crowning touch.

Arrange the candy-coated cowboy hats on a large platter. Serve milk as a beverage, and prepare for a stampede.

Cowboy Hats

Base: 6 cups puffed rice
½ lb. fresh marshmallows (about 32)
1-3 cup butter or margarine
2 squares (2 ounces) unsweetened chocolate

Measure puffed rice into a large greased bowl. Melt marshmallows, butter and chocolate in a double boiler, stirring occassionally. Pour marshmallow mixture over puffed rice, stirring until puffed rice is evenly coated. Shape 24 hat "brims using about ¼ cup of the puffed rice candy for each. Place in refrigerator.

Topping: Twenty-four marshmallows.

Just before serving, toast the marshmallows on a baking sheet in a moderate oven (375 degrees F.) until a delicate brown (2 to 3 minutes). Place a toasted marshmallow on each hat brim to form the crown.

MOLDED FRUIT DESSERT

1 cup cooked prunes
¾ cup finely chopped blanched almonds
2 tablespoons confectioners' sugar
¼ teaspoon cinnamon
1 package raspberry-flavored gelatin
2 cups hot water

Cut prunes from pits into small pieces. Mix in almonds, sugar and cinnamon. Dissolve gelatin in hot water. Pour half of gelatin into mold and chill. When firm, spread top with prune-almond mixture. Whip remaining gelatin to a thick froth and turn onto prune-almond layer. Chill until firm. Serve with thin cream or custard sauce if desired. Makes 6 servings.

PECAN HONEY COOKIES

2 cups sifted flour
1 teaspoon baking powder
½ teaspoon salt
½ cup shortening
½ cup sugar
1/3 cup honey
1 egg
1 teaspoon vanilla
½ cup finely-cut pecan nutmeats

Sift together flour, baking powder and salt. Cream shortening and sugar; gradually beat in honey. Beat in egg and vanilla. Add sifted dry ingredients and pecans and blend together. Wrap dough in waxed paper and chill thoroughly. Roll out on pastry cloth or lightly floured board ⅛-inch thick. Cut out cookies in desired shapes. Bake on greased cookie sheet in moderate (375 F.) oven 8 to 10 minutes.

It's a good idea, when you are making a meat or fish pie, to have the filling hot when you put on the biscuit topping.

NUTMEG SEASONING

Nutmeg is delicious, of course, atop custards, eggnog, and whipped cream; it is also good on two vegetables—spinach and cauliflower. Inexpensive and good-looking nutmeg graters are now available for kitchen and dining-table use.

Thin mincemenat with orange juice, heat and serve over cottage pudding or sponge cake.

FRUITED HONEY BREAD

2½ cups sifted flour
2½ teaspoons baking powder
½ teaspoon baking soda
½ teaspoon alt
2 tablespoons butter or margarine
1 cup honey
1 egg
4½ teaspoons grated orange rind
¾ cup orange juice
¾ cup seedless raisins (rinsed, drained and chopped)

Sift together flour, baking powder, baking soda and salt. Cream butter and honey. With rotary beater, beat egg until thick and pale-colored; add to honey mixture with orange rind. Add dry ingredients alternately with orange juice stirring only until smooth. Stir in raisins.

Bake in greased loaf pan (8 x 4 x 2¾ inches) in slow (325 F.) oven for about 1 hour and 10 minutes, or until cake tester inserted in center of loaf comes out clean. Turn out on rack; cool thoroughly before storing in tightly covered container

LEFT-OVER FISH

If you happen to have a little fish or seafood leftover you'll find it's good chopped and added to a cream sauce to serve over vegetables or eggs.

FOR SUNDAY SUPPER

Hot cheese rolls taste good with a cooked vegetable salad for Sunday night supper. To prepare, slit frankfurter rolls and spread with nippy cheese; press together again, wrap in aluminum foil and heat thoroughly in a hot oven. Serve right in the foil.

Hints To Best Turkey In Market

Here are some basic rules for getting the best turkey in your market. Whether you select a tom turkey or a hen turkey makes no difference. Even meat experts can't tell the difference.

Turkey sizes are: small, 4 to 8 pounds; medium, 9 to 15 pounds and large, 16 to 25 pounds, all ready-to-cook weights. A general rule is a half pound of turkey ready-to-cook weight per serving. If you want sliced turkey for another meal or two, plan up to ¾ pound per serving. Either allowance should give choice tidbits for at least one left-over dish.

On a wing band, a tag, or on the wrap or package the bird may carry a label—a brand name of an official government grade mark. Usually there is additional information: the weight, whether it is a young bird—the choice for roasting—and whether it is ready-to-cook (eviscerated) or dressed style (head and feet intact, the feathers removed but it is not drawn.

When labeling is not present, look for clean, waxy skin with few pin-feathers; a plump, full appearance indicating meatiness; and good finish—fat underneath the skin, at least over the legs, the sides of the breast and the back.

A short, broad body will yield more meat than a long narrow turkey of the same weight. A grade B bird may be in that class rather than in grade A because of a skin tear, or a crooked breastbone, yet the eating quality and meat yield can be good. Here you have the advantage of lower price.

If turkey is purchased dressed, have it drawn or draw in yourself as soon as possible after purchasing. Cut the neck off close to the body, first slitting the neck skin down the center of the back to shoulders—leaving skin over the breast intack—and if possible remove the leg tendons.

Tendons become hard and dry during roasting, making drumstick meat less desirable and hard to slice. Clean giblets promptly.

To preserve fine flavor and assure best results—keep a quick-frozen, ready-to-cook bird frozen until ready to cook, allowing time for defrosting. Defrosting will take 2 to 3 days in the refrigerator, or 4 to 6 hours with the unwrapped bird under running cool water.

Be sure to remove the wrapped (cleaned) giblets from either the body cavity or neck pocket. Defrosted or fresh turkeys can be held at 36 degrees to 38 degrees F. for 1 to 2 days.

Want to make tartar sauce in a hurry to serve with oysters, scallops or fried fish fillets? Just mix a quarter cup of pickle relish with a half cup of mayonnaise.

TOMATO STAINS

Tomato juice and catsup stains should be dampened with water, rubbed with glycerine, then sudsed out. If the stain persists, sponge it with a solution of one-half teaspoon of sodium perborate to one cup of hyrogen peroxide, experts advise. Rinse well and launder again.

PLASTIC TABLE MATS

Fresh linen-like vinyl plastic table mats which capture the weave and texture of linen can be dunked into soapsuds along with the dinner dishes, and cleaned in a jiffy. These are available in lovely decorator colors with scalloped borders and initials.

FOR CREAMED POTATOES

Next time you make creamed potatoes add a few tablespoons of chopped chives or parsley; stir in the chives or parsley just before the potatoes are to be served. Serve the potatoes with meat loaf, with broiled steak or chops, or with fried or broiled fish fillets.

Turkey Is Traditional November Favorite

Turkey and raisins are the headliners on November list of foods that will be in very plentiful supply.

But there are other foods, too. Here's the complete list as reported by the United States Department of Agriculture. Remember, the more plentiful a food is, the lower the price should be.

November Plentifuls: Turkey, raisins, pork, frozen fish, canned tuna, table grapes, domestic dried figs, carrots, dry lima beans, filberts, almonds and walnuts, lard, salad oils, vegetable shortening and table fat. nonfat dry milk solids, cottage cheese, buttermilk, honey.

Lamb, especially the fore-quarter cuts, is plentiful now also. So maybe you'll want these easy recipes for that today's budget meat.

Lamb Skillet

1½ pounds lamb stew meat
1 tablespoon Worcestershire sauce
2 tablespoons fat
Flour
1 teaspoon salt
1 cup cooked tomatoes or juice

Heat fat in a heavy skillet. Cut the lamb into 2-inch pieces. Dip in flour and brown in the hot fat. When well browned, add the tomatoes, Worchestershire sauce, and salt. Cover and cook slowly until the meat is fork tender, about 1½ hours. Yield 6 servings.

Irish Stew

2 pounds lamb or mutton stew meat
4 cups water
3 carrots sliced into ½-in slices
1 small turnip, diced
1 onion, sliced
2 teaspoon salt
¼ teaspoon pepper
1 bay leaf
3 tablespoons chopped parsley
2 tablespoons flour

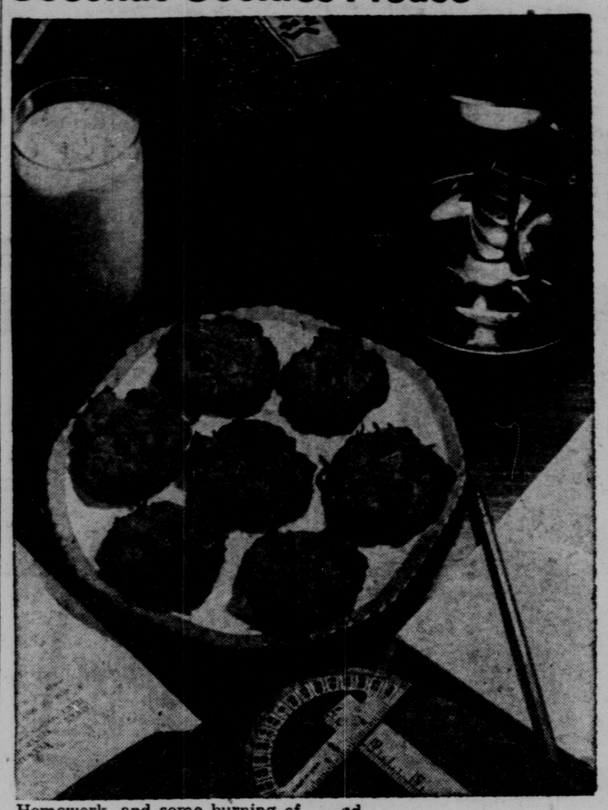

Cut the meat into 2-inch pieces. Place in a kettle and add the water. Simmer 2 hours. Then add the remaining ingredients except flour and cook until the vegetables are tender, about ½ hour. Thicken the broth with the flour mixed with ¼ cup water.

Note: Dumplings may be cooked on top of the thickened stew. Yield: 6 servings.

VEGETABLE SALAD

You can make a delicious vegetable casserole by combining carrots, onions, cabbage and potatoes (all cooked) with a cheese sauce. Turn into a casserole, top with buttered crumbs and bake until hot through and topping in lightly browned.

Coconut Cookies Please

Homework, and some burning of midnight electricity to get it done, go hand in hand with your youngster's return to school. It's not much fun, but you can brighten up the whole business no end by providing your young student with a plate of homemade coconut cookies and brimming glass of milk, a welcome interruption that will send him breezing through his studies in a minimum of time.

COCONUT COOKIES

1 cup sifted flour
½ teaspoon double-acting baking powder
½ teaspoon soda
½ teaspoon salf
¼ cup butter or other shortening
½ cup brown sugar, firmly packed
½ cup granulated sugar
1 egg, unbeaten
1½ cups shredded coconut
½ cup finely cut gumdrops
2 cups corn flakes
½ teaspoon vanilla

Sift flour once, measure, add baking powder, soda and salt, and sift again. Cream shortening, add sugars gradually, and cream together until light and fluffy. Add egg and beat well. Add flour, coconut, gumdrops, corn flakes and vanilla. Beat until well blended.

Shape into small balls and place on ungreased baking sheet. Press down with fork. Bake in moderate oven (350) 15 minutes, or until done. Makes 3 dozen cookies.

DUCK WITH SAUERKRAUT

1 5 to 6-pound (ready to eat weight) duckling
½ teaspoon salt
Freshly ground pepper
1 No. 303 can sauerkraut, drained
½ cup finely chopped celery
1 pared, cored and chopped apple

Place duckling on rack in roasting pan; sprinkle with salt and pepper. Mix sauerkraut, celery and apple; stuff duck with it. Tie legs securely together. Roast, back side up in slow (325 F.) oven, allowing 25 minutes per pound. Makes four servings.

No Secret To Tasty Gravy Success

There's really no secret to gravy success if a tested recipe is closely followed.

Use extra or left-over gravy in "made" dished later. Allow one-third cup gravy per person. For each cup of gravy, use 1½ tablespoons each of fat and flour and 1 cup liquid. For 4 cups of gravy, use 6 tablespoons drippings from roasting pan, 6 tablespoons flour, 4 cups liquid—giblet broth, milk or water.

Pour the drippings (the fat and meat juice in the roasting pan) into a bowl, leaving all the brown residue in the pan. Let the fat rise to the top. Skim off all the fat, then measure amount needed for gravy back into the roasting pan. The meat juice under the fat may be used as part of the liquid for the gravy. Add flour and blend with the fat. Set roasting pan over very low heat.

Cook until frothy, stirring constantly. Add the measured liquid, cool or lukewarm, not hot, all at once. Increase heat and cook, stirring constantly until uniformly thickened. While stirrin, scrape and blend the brown residue into the gravy. Simmer about 5 minutes.

Season well to taste. Serve very hot. For giblet gravy, add diced or ground cooked giblets. Since gravy tends to thicken and form a "skin" over the top as it cools, serve only enough at one time to take care of first servings.

It is usually best to limit the garnish to parsley, watercress or other salad greens. Holiday or special-occasion dinner exceptions are glazed apple or orange slices; spiced apples, pears or peaches; orange, grapefruit or lemon baskets filled with applesauce; cranberry jelly, mashed and seasoned squash or sweet potatoes; plain or frosted grapes, and cranberry molds or cut-outs.

Provide a plate to which the garnish can be transferred before carving is begun. To accommodate garnish and turkey, the platter should be large so that the carver is not placed at a disadvantage.

If the partially carved bird is returned to the oven to be kept hot, replace it in the roasting pan. do not place the platter and the carving utensils in the oven.

MEAT STRETCHER

Brown hamburg with one onion, add to medium cream sauce, season with salt and pepper. Serve on baked potatoes.

BUDGET DINNER

CREAMED HAMBURG
BAKED POTATOES
HOT BISCUITS
CABBAGE SALAD
MILK... COFFEE

RICE PUDDING IS ECONOMICAL nourishing, and especially good if you use brown sugar instead of white, and add a little cinnamon.

HERE'S ANOTHER SPICY NOTE—add 1 t. cinnamon, ¼ t. nutmeg and ½ cup raisins to the oatmeal while it's cooking.

NEW INTEREST FOR LEFT OVER STEW. Place in casserole and top with thin layer of cornbread. Bake in hot oven.

Tired out before the day is over? Just try a tall, refreshing glass of Andalusia homogenized vitamin D milk. It's a real "pick-up".

Customer's Corner

To the MAN of the House!

Time was when the "little woman" did all the shopping . . . and the pantry shelf was a mystery to men. But nowadays, many men want to know what's cookin' . . . and have a say about selecting it!

Why don't you join *your* wife next time she shops at A&P? You'll see how much farther your hard-earned dollar goes at A&P! It's our policy to bring more good food to more people for *less money*. And every item you buy is *guaranteed* to please you, or you get your money back without question!

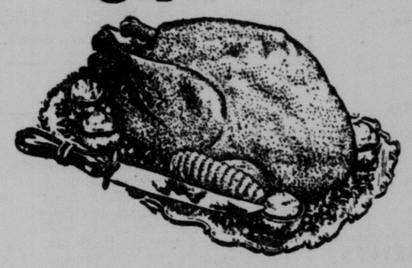

While you're shopping, if you have any idea as to how we could improve our service, please tell the A&P Manager . . . he'll appreciate your suggestions. We want to please all the members of your family!

Government Lifts Soft Drink Price Controls

WASHINGTON, Nov. 19 (AP)—The government has lifted price controls on all bottled soft drinks.

The Office of Price Stabilization (OPS) said however, the controls would be restored if the suspension leads to a general increase above the existing price ceilings.

The agency said it is relying on intense competition and volume production in the industry to help hold prices down.
